Booklet Available On Food Mailing

Booklets on food for overseas mailing are now available at the office of Miss Doris McWhirter, Union county home demonstration agent.

The booklets feature suggestions on things to send, such as dried fruits, nuts, fruit cakes, and seasonings. Restricted food lists permissible to send to prisoners of war or interned civilians are also included.

All recipes contained in the booklet were tested by members of the state extension staff in the "Guadalcanal room" at Oregon State college, where the temperature is kept the same as in the south Pacific. Recipes in the booklet include sugar-saving honey drop cookies, spiced nuts, appleauce cookies, mincemeat drop cookies, and dark fruit cake.

Brownell has been in California and while in the northwest also will stop in Seattle, Yakima and Spokane.

Republican party workers will meet with Brownell in an open session Friday afternoon and precinct workers will join him Friday night. He will meet with university of Nebraska alumni at a breakfast.

Civilians to Get More Butter

WASHINGTON, Aug. 1 (UP)—Civilians will get 10,000,000 pounds more butter during August as the result of a new cut in government prechases it was disclosed today, but there will be no further reduction in butter's red point value.

Secretary of Agriculture Clinton P. Anderson said manufacturers will be required to set aside for government purchase only 20 percent of their butter production instead of the originally scheduled 30 percent. This was possible, he said, because July production was higher than expected, and it now appears August output also will be above early estimates.

No Eating Houses Open in Large Town

AUBURN, Calif., Aug. 1 (UP)—Fifteen restaurants, the only public eating places in this Sierra foothill community, closed today, and city officials wondered how they will feed 7,000 to 9,000 hungry harvest pickers and other transients.

Meantime, 11 eating places in Colusa county closed because of ration point shortages, with only one restaurant in the town of Colusa remaining open. Restaurant men were to confer with OPA officials today and plans were being made for city feeding centers.

Gas Stoves Taken Off Ration List

WASHINGTON, Aug. 1 (UP)—Gas stoves were removed from the ration list today, but it still doesn't mean clear sailing for householders who use liquefied petroleum gases.

Butane and propane, most commonly used of these gases, continue to be in such heavy military demand, according to deputy petroleum administrator Ralph K. Davies, that restrictions on their use cannot be eased.

Alexander Named To Athlone's Job In Canada

LONDON, Aug. 1 (UP)—King George VI has appointed Field Marshal Sir Harold R. L. G. Alexander to succeed the Earl of Athlone as governor general of Canada. It was understood the date for Athlone's return to great Britain and the installation of Alexander has not yet been set.

The earl's normal term was due to expire in June and he said then he did not propose to extend his term for any length of time. It is expected he will leave Canada by late summer.

The earl, who is 71, is the king's uncle. He has been governor general since 1940.

Lady Margaret Alexander said her husband, now in Italy, will require several weeks to settle his affairs and thus it is uncertain when they will leave for Canada.

Elliott Roosevelt Wants Lies Told Only About Him

WASHINGTON, Aug. 1 (UP)—Brig. Gen. Elliott Roosevelt, son of the late president, wants his critics to confine their attacks to him instead of spreading "pernicious lies" about his father, "who can't talk back."

Young Roosevelt lashed out in a statement in which he assumed full responsibility for his much-publicized business affairs, including several loans now being investigated by congress and the treasury.

He took cognizance of charges his father had helped him negotiate the loans and described these as part of the "hate campaign" being conducted against the late president's memory.

"Franklin D. Roosevelt never promoted or assisted my personal business affairs," he said. "Any statement that he did so is a deliberate, infamous lie. I conducted my own business affairs. The responsibility for them was and still is mine, and mine alone."

Odd Portlanders Will Get Breaks

PORTLAND, Aug. 1 (UP)—One group of Portlanders has found it pays to be odd.

Summertime watering restrictions call for odd-numbered houses to sprinkle lawns one day and even numbers the next. But the end of July on the 31st and beginning of August on the 1st gives the odd-numbered residents two consecutive days for watering.

What's more, the same thing happens in August and September.
