## Markets

### British Worries Unsettle Stocks

NEW YORK, Aug. 1 (UP)—A sharp break on the London stock market on fears of government nationalization of British industry unsettled the New York stock exchange today.

Trading fell off sharply in all sections, the automobile division, recent active favorites, continued in top place in volume but prices turned down on realizing.

When the motors broke, selling spread to other sections of the list, but toward closing time the whole market displayed a firmer undertone.

### Early Break in Rye Futures Ease Others

CHICAGO, Aug. 1 (UP)—An early break in rye futures unsettled and eased prices in other grain pits on the board of trade today. Evening-up operations in rye to conform to new regulations and technical correction of yesterday's season high in September, accounted for heavy selling.

Rye finished the day off 2 cents to up 1/4; wheat up 1/8 to off 1/4; corn unchanged to off 1/4; oats off 1/4 to up 1/4; and barley unchanged to off 1/4.

### Burial at Scene Of Crash For 4 Killed in Wreck

MEDFORD, Aug. 1 (UP)—Four persons killed in a plane crash near the Oregon-California line were buried at the scene of the crash today, as a party of friends and relatives prepared to leave here for the site, 40 miles south of here.

Masonic funeral services were conducted for Mr. and Mrs. Sylvia I. Gulliner, Mrs. Gulliner's sister, Mrs. Alma Finley Pratt, all of Portland, and the plane's pilot-owner, identified only as Armstrong and reported to be from Los Angeles, Calif., to Eugene, Ore.

Members of a rescue party reaching the crash scene said it was impossible to identify the bodies.

Comprising the funeral party were R. F. Hollister, Portland attorney; Harold Ullius, San Francisco, brother-in-law of the women; William Hieber and Gayle Wiggley of Portland. Arrangements were being made to include a minister in the party. Lee Port of the Star ranger station in the Applegate district and other forest service employees were to lead the party to the scene.

WASHINGTON, Aug. 1 (UP)—As a result of the Empire State building disaster and other incidents, the army air forces are considering a plan for marking military planes so that they can be identified from the ground when they break safety regulations. The identification would consist of large numerals painted under the wing.

### Senator Bushfield Partly Conscious

HURON, S. D., Aug. 1 (UP)—Senator Harlan J. Bushfield, R. S. D., gravely ill from a cerebral hemorrhage suffered aboard a north western train here yesterday morning, has regained consciousness at intervals since late yesterday, his physicians reported today.

The junior South Dakota senator, enroute from Washington to his home in Miller, S. D., when stricken, rested "fairly comfortably" last night, but otherwise little change was noted in his critical condition.

### Invitation to Dig More Holes Given To Householders

Householders who feel in need of a little light exercise (and even those who get plenty of exercise) are invited by the street marking committee of the Lions club and by city officials to dig a few more holes.

Street markers have already been put in place in one section of the city and stakes have been placed in a new section, showing householders where to dig the holes for the new ones. The city government hasn't the manpower to dig all the holes and neither has the club.

Where there are already old street markers in place, householders are invited to dig them up and enlarge the holes for the new concrete posts.

The stakes have been placed in the section bounded by Washington east to Conncordale, B avenue, Fourth street and Spring street. In other parts of the city, 65 to 70 percent of the holes were dug by volunteer help. Diggers are asked to dig the holes fully two feet deep.

Horace J. Nelson is Lions chairman on the marker committee. Orville Wright, street superintendent, and City Manager Ed Ford, ask that boards be placed over the holes to save anyone from stepping into them.

### Leahy Quoted In Petain Defense

PARIS, Aug. 1 (UP)—Admiral William D. Leahy, former U. S. ambassador to Vichy, was quoted today as having said in a letter to Marshal Henri Philippe Petain last June 22 he is "convinced your principal aim was to protect the French people."

The letter, presented at the treason trial of Petain quoted Leahy, now President Truman's chief of staff, as reminding the old Marshal "your refusal to do anything against the axis eventually harmed France."

Petain's defense chief, Fernand Payen, caused a sensation on the ninth day of the trial by announcing Petain had just received the letter from Leahy. It was dated June 22, and answered one from Petain June 10.

### Living Costs Reach Highest Since 1921

WASHINGTON, Aug. 1 (UP)—Living costs in June were the highest since 1921, the labor department said today.

The department's bureau of labor statistics gave no comparative figures for 1945 and 1921, but said a survey showed prices of living essentials went up 30.8 percent from August, 1939. June prices, the BLS added, were 3.9 percent higher than those of June, 1944.

Bureau's cost of living index for June 15, 1945, stood at 129 percent of the 1935-39 average. Food prices had risen 41.1 percent above the 1935-39 average, clothing 45.4 percent, rent 8.3, fuel and electricity 10, and house furnishings 45.8.

## Huge Contracts To Have To Be Settled

WASHINGTON, Aug. 1 (UP)—If final victory over Japan is achieved within the next few months, the government will be confronted with the job of settling \$44,000,000,000 in cancelled war contracts, congress was informed today.

On the other hand, if VJ-day should not come for a year, according to director of contract settlement Robert H. Hineckley, the contract terminations, with the backlog of unsettled contracts, will total roughly only \$28,000,000,000.

Hineckley's fourth quarterly report to congress revealed almost \$16,000,000,000 in cancelled commitments were settled in the year ended June 30. He emphasized the amount paid by the government under the settlement made up only a small fraction of the amounts of the contracts involved.

For instance, he said, settlement of almost \$12,000,000,000 of fixed-price contracts required the payment of only \$560,000,000 or less than 5 percent of the total value.

Former foreign secretary Anthony Eden sat beside Churchill. On the government bench were Herbert Morrison, Sir Stafford Cripps, Hugh Dalton and Arthur Greenwood, all members of Prime Minister Attlee's new government.

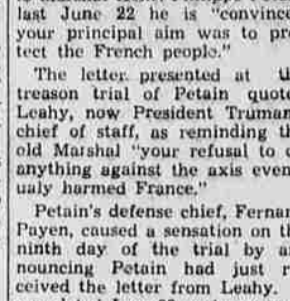

## New Parliament Cheers Churchill

LONDON, Aug. 1 (UP)—The new parliament assembled today and gave Winston Churchill a hearty cheer as he strode into the house of commons and took his seat in the center of the opposition bench.

Conservative members rose and greeted their leader by singing "for he's a jolly good fellow." The victorious laborites then joined in a counter-demonstration, singing "the red flag" under the leadership of George Griffiths, veteran laborite.
