## Troop Returns From Mill Creek Canyon

The return to La Grande of members of the Girl Scout troop sponsored by the Catholic church ended the camping trip which started Wednesday morning at Birnie's cabin up Mill canyon.

A series of activities were conducted for the nine girls who made the trip, including a wiener roast over a campfire, hikes, group singing, dancing and games. Contributing to the joyousness of the occasion was the old-fashioned organ in the cabin, which furnished music and accompaniment for the singing.

In charge of the girls was Mrs. B. Davin, new troop leader, and her daughter, Sharon Davin, and Janet Leffel.

The girls were taken to the camping site in cars, but hiked home today.

## Social Security Cards Used For Cashing Checks

Occasional complaints, which tend to become more numerous at the harvest season, that social security account number cards are improperly used as identification for check-cashing purposes, today led Vernon A. Welo, manager of the La Grande office of the social security board, to issue the following cautionary statement:

"The social security account number card is not intended to serve as identification for check-cashing purposes, and should not be accepted as such.

"A social security card is issued to any person who applies for it. It is issued for one purpose, and only one. That is to identify a social security account on which the wage record of the possessor may be posted as credit toward old-age and survivors insurance benefits. The account number is used with the person's name to identify his social security account, because many people have the same name but no two can have the same number."

## New Picture Has Cary Grant Doing New Kind of Role

When a Cary Grant picture is announced for local presentation it has always been something that moviegoers have cheered about. Their happy "hurrahs" are once again in order since Columbia's "Once Upon a Time," starring Cary and featuring Janet Blair, is to play Sunday, Monday and Tuesday at the Liberty theater, and all the more so since advance reports say that this is Cary's grandest, is different, is something new under the Hollywood sun.

It certainly sounds different. According to word from preview audiences, the plot revolves around the discovery and promotion of a caterpillar which is supposed to dance to the tune of "Yes Sir, That's My Baby."

A bit of genuine young Americana! That's the latest March of Time "Teen-age Girls," opening Sunday at the Liberty theater, the story of what our teen-age youngsters are thinking and doing! Prepared with the assistance of a special teenage advisory board, it shows what the teenage girl likes in music and reading matter, in clothes, in games and hobbies!

Boiled pork and beer was a favorite breakfast of Anne Boleyn, one of the wives of Henry VIII.

## Salem Man Sorry Can't Fight Japs

SALEM, Aug. 11 (UP)—Charles A. Hoover of this city may not have to help whip the Japs now after all. He received the call from his draft board only yesterday and sounded a bit discouraged.

"Yes sir," he said, "I always liked army life. You see I fought in the Indian wars in my youth and I was in China during the Boxer rebellion and in the Philippines during the Spanish-American war. Army life always had a fascination for me."

Hoover is only 76. Draft officials explain the letter was probably intended for another Charles Hoover.

## SUNDAY SCHOOL LESSON

Isaac's Testimony to God Is Good Policy for All of Us  
Scripture: Genesis, Chapters 25-26

By WILLIAM E. GILROY, D. D.  
In pastoral countries, when water is scarce and flocks are large, wells and watering places are of the utmost importance in the maintenance of life and prosperity. The stories of strife over such places by rival herdsmen in the Bible are but a part of the historic records of such strife in many lands and at many times.

Water has assumed in the records of the past much the place of importance and rivalry that oil assumes in the rivalry of nations today.

Great and worthy honor was attached to the digger of wells, and to those who kept them clean and open. The well at Sychar, where Jesus met and conversed with the woman of Samaria, was known as "Jacob's Well," though Jacob had been dead for many generations.

Among Abraham's great achievements as a civilizer and nation builder was his digging of wells. In spite of his magnanimous attitude and his peace-loving nature, however, he had trouble over the wells, and when he made a compact with Abimelech, he complained to that king because his servants had "violently taken away" a well that Abraham had dug. Abimelech professed ignorance of the matter, and the adjustment of their dispute was signaled by naming the well "Beersheba" or "the well of the oath."

But the trouble was not ended. Abraham, it must be remembered, though he loved peace, and was willing to make much sacrifice of his personal interest to secure it, was a vigorous warrior when forced to fight. When, in the war of the Kings (Genesis, Chapter 14), his kinsman, Lot, and his family, and his possessions, had been carried off in an assault on Sodom, Abraham organized his men, pursued and signally defeated the aggressor, recovering the captives and the loot. The victory may have had its reprisals, and may have accounted for those who could not defeat Abraham in the field taking their revenge by filling up the wells that he had dug. In any case, these wells had been filled up in the troubled times, and

## Water Tank Moved At Meacham To Save Train Time

Moving of a water tank at Meacham to make possible 10 minute watering of freight trains, instead of the 30 minutes previously required, is now being carried out. C. E. Mettsen, water service foreman of the bridge and building department of the Union Pacific railroad, announced today.

Piping has been rearranged to move the tank one-half mile east, in order that trains may be watered at both ends, thereby cutting the time 20 minutes. Cost of moving the 65,000 gallon tank is estimated at \$20,000, and should be completed the last part of this month.

## To All Organizations Now Engaged in Waste Paper Collection:

# HOW WASTE PAPER FUNDS CAN AID WOUNDED VETERANS ... or Worthy Local Projects

All over the country, schools, churches and other patriotic organizations are collecting waste paper to make or wrap the 700,000 items constantly being supplied to our Armed Forces.

Often these organizations choose some worth-while community project to which they donate the money derived from the sale of waste paper. But many have already decided to channel a little or all of their waste paper funds into a new cause . . . added comforts for our returning wounded.

**THE NEED IS GROWING**

For the casualty lists are lengthening. Daily more of the boys who fell in our defense are coming back home for the tender care they so richly deserve. While the Government provides all the essentials required for treatment and convalescence, there are many little "extras" and luxuries which can do a lot to help the boys

**EXTRA COMFORTS THAT WASTE PAPER MONEY CAN BUY FOR WOUNDED VETERANS**

Raffia-glassograph combinations, needles, sound music gramophone, articles, lounge chairs, sun porch equipment, cigarettes, long distance home phone calls, blanket and ping pong tables, cards, books, games, shooting and painting supplies, etc.

face the future with the confidence that comes from their knowing that they are being appreciated.

The use to be made of waste paper funds is always up to the local organizations concerned. But while the need for waste paper grows, so too another need . . . a very human need . . . is growing as the casualty lists lengthen.

**A LITTLE WILL HELP**

If you can apportion a little or all of your waste paper funds for wounded veterans, do it now. Send those wounded boys more of those "home comforts" they deserve. If your organization can't do this today, we are sure you will add this great cause to your list later.

Save waste paper more than ever . . . you'll help to speed victory and to aid those who have borne the brunt of battle. Those are aims which are paramount with every American.
