## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent urinary passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 45 years. Doan's gives kidney tubes a flush out poisonous waste from the blood. Get Doan's Pills.

## Boy, 16, Lived With Women Two Months, Thought Her Man

LOS ANGELES, Sept. 28 (UP)—Robert Yarrington, 16-year-old Iowa farm boy, today called himself a "sucker" for living with Miss Frances Orlando, 36, for two months and not discovering she isn't a man.

The boy, testifying at a preliminary hearing for Miss Orlando on charges of contributing to his delinquency, told Superior Judge A. A. Scott he traveled from Waterloo, Ia., to California with the woman he knew as "Dick."

"I've seen her in shorts and undershirt, but never less," he said. "She usually came to bed after me and undressed in the dark."

Miss Orlando, slouched in her chair in her dungarees and leather jacket, told the judge she wore men's clothes because "I grew up on a farm and it was more comfortable."

Judge Scott ordered the woman held for superior court trial. Her bail was set at \$500.

## WLB Orders \$45 Monthly Increase For 30,000 Seamen

WASHINGTON, Sept. 28 (UP)—The war labor board today ordered a \$45 monthly wage increase for 30,000 licensed seamen employed by 42 Atlantic and Gulf coast and 31 Pacific shipping companies.

The pay raise, effective Oct. 1, is to compensate in part for the discontinuance of war risk voyage bonuses which have been paid since 1940. Companies and unions agreed in advance to abide by the WLB decision.

The WLB refused to grant a 45 percent wage increase demanded by the unions on the basis of recent board decision granting a \$45 monthly wage increase to 100,000 unlicensed seamen. The wage raise for unlicensed personnel, also effective Oct. 1, was from \$100 to \$145 monthly, or a 45 percent boost.

## Patton, Ike Confer; No Statement Made

FRANKFURT, Sept. 28 (UP)—Gen. George S. Patton conferred for two hours and 25 minutes today with Gen. Dwight D. Eisenhower over the denazification of Bavaria, an issue which threatened Patton's position as military governor of the German province.

Smiling, Patton emerged from the conference room and stood for a moment beside Eisenhower in a corridor of the I. G. Farben building where the supreme commander has his occupation headquarters. Eisenhower refused to discuss the meeting.

Correspondents pointed out the situation has aroused keen public interest in the United States. "I am running my job the best I can," Eisenhower responded. "I will give you a statement just as soon as I have something to say."

Patton's only remarks dealt with the operation of a camera in the hands of one of the photographers present.

Representatives of the commission will call on 1,500,000 married women in their homes and ask pertinent questions in an effort to determine the causes of a drop in the number of births in the decade 1930 to 1939.

"Married couples who can have children should have an average of more than two if the population is to be maintained," the commission's white paper said.
