● SUNDAY SCHOOL LESSON

By WILLIAM E. GILROY, D. D.
Lessons dealing with the mi-
grations of peoples, exiles and
enslavements, in the ancient
world have had particular time-
liness and interest in these modern
days when the worst traged-
ies of racial sufferings and per-
secutions have been repeated.
It is easy to understand what
happened to Jews of old in Egypt
and Babylon when we consider
what has been happening to Jews
in Germany and other parts of
Europe. Problems associated with
racial minorities, and the ways
in which they must be solved, are
strongly emphasized in Bible
stories and their lessons have a
very real bearing upon life in our
present-day, democratic environ-
ment.
What happened to Jews in Ger-
many during the past decade con-
forms almost exactly to what
happened to Jews in Egypt in the
years following the time of Joseph.
When Jacob and his com-
pany went down to Egypt, they
were received with honor, and
all went well for a time. Then
there arose a Pharaoh who knew
not Joseph, and trouble began.
I suppose that much of it was
as in modern times. The prosper-
ous Jews evoked the envy of less
prosperous, less efficient Egyp-
tians, who, for their own self-
interest and aggrandizement,
made trouble for the "foreigners."
It is the thing that has happened
in Germany, and that would hap-
pen anywhere, if bigots, trouble-
makers and rabble-rousers, some-
times taking to themselves the
sacred Christian name, had their
way.
In Germany, from prosperity
and prestige, Jews regardless of
their character and achievement
were suddenly plunged into per-
secution and ruin. Artists, writ-
ers, musicians, along with unof-
fending humble people, were sud-
denly assailed with hate and bru-

Howling Baby Keeps Thief From His Goal

PORTLAND, Oct. 6 (UP)—
Howling babies at the midnight
hour do come in handy at times
—sometimes.
When a thief attempted to
rob the home of Clement D.
Johnson of Portland Friday
night, Johnson was awakened
by the sound of his baby cry-
ing. He then discovered that
the intruder had poured chloro-
form over the foot of his bed
apparently in an attempt to
guarantee quiet while he work-
ed.
The howling baby spoiled the
quiet sequence and the would-
be thief fled.

Truman Signs Bill For Enlistments

WASHINGTON, Oct. 6 (UP)—
President Truman today signed
legislation designed to stimulate
volunteer enlistments in the
peacetime army to an extent that
conscription for occupation pur-
poses will be unnecessary.

The measure withdraws the
pre-war limit of 280,000 on size
of the standing army; provides
50,000 Philippine scouts may be
taken into the regular army for
occupation purposes in the Pa-
cific; extends GI bill of rights
benefits to re-enlistees; and short-
ens enlistment periods.
World War II veterans of six
months' service or longer may re-
enlist for one year, the new en-
listees may volunteer for periods
of 18 months or two or three
years. Previously, all enlistments
were for three years.

Angell Asks for Return of Oregon In Permanent Park

WASHINGTON, Oct. 6 (UP)—
Rep. Homer D. Angell, R. Ore.,
said today he had sent a letter to
Navy Secretary James Forrestal
insisting that the historic battle-
ship Oregon be reconditioned and
returned to Portland as a perma-
nent shrine.

"I am insisting the navy keep
its promise to return the Oregon
to Portland," Angell said. "When
the navy took the battleship, it
promised that it would be return-
ed at the end of the war if it still
were afloat. We want the navy to
keep its promise."
The navy converted the old bat-
tle ship to "sort of a barge"
which was used in the Pacific to
transport supplies. Angell added
it would cost "very little" to put
the vessel back in shape.

Injunction Asked Against Tax Board

SALEM, Oct. 6 (UP)— F. H.
Young, secretary-manager of
Oregon Business and Tax Re-
search, Inc., today filed a com-
plaint in Marion county circuit
court to enjoin the state tax
commission from administering
the law providing for a short
form in filing 1945 state income
taxes.

The complaint was filed by
Young on behalf of the incorpora-
tion. The complaint contends
that the bill signed by the gov-
ernor and enrolled in the session
laws is not the one passed by the
legislature.
The tax commission said pre-
viously they would administer
the law as recommended by at-
torney general George Neuner.
Neuner in an opinion for the
commission said the law was
valid until repealed or invali-
dated by judicial action.

quired for discharge of men and
officers.
Gates announced at a press
conference with Adm. Chester W.
Nimitz that Nimitz' report on pro-

MEMO TO ADVERTISERS

How you can be in a lot of places . . . at one time

If you could make regular, personal calls on your best customers and prospects and talk to them about your merchandise and service, that would be the most effective kind of selling.

Of course that is not possible but you can give a friendly, newsy talk about your business to the best families in our community through the advertising columns of this newspaper. You can describe your merchandise or service, quote prices and sell to a lot of people at one time.

But you wouldn't make a lot of personal calls at random, would you? It's just as important that you know where your advertising goes. That's the reason this newspaper is a member of the Audit Bureau of Circulations, so we can give you audited facts and figures about our circulation—where, how much, how ob-
tained, how much people pay for this paper and other essential information that you should know and have a right to know when you make an investment in advertising.

The Bureau is a cooperative association of 2000 publishers, advertising agencies and advertisers in the United States and Canada. Organized in 1914, its purpose is to furnish advertisers with verified information about the circulation of its publisher members.

The Bureau maintains a large staff of trained auditors who make an annual audit of the circulation records of each A.B.C. publication. With the facts thus obtained, published in A.B.C. reports, it becomes possible for advertisers to select media and buy space on the basis of known and verified circulation values.
