Are you one of the forty million owners of shares in America?

Forty million Americans are proving every day that a smart way to save for their own family security — and to help build their country's strength at the same time — is through the purchase of United States Series E Savings Bonds.

Savings Bonds are one of the safest investments you can make. Bonds are guaranteed safe by our Government — backed by the strength of 170 million Americans.

And Bonds are absolutely indestructible.

If lost, stolen or destroyed, the Treasury will replace them without charge. Bonds are safer than cash.

They pay good interest, too — 3 1/4% when held to maturity — mature in only 8 years and 11 months.

No wonder so many Americans are buying these Shares in America regularly. Why not join them? Start buying Bonds today through the Payroll Savings Plan at work or systematically where you bank.

Part of every American's savings belongs in U. S. Savings Bonds
