West Nixes All-Time Test Ban

rejected Russia's demand for an immediate all-time ban on nuclear testing today but left the door open for agreement on a control scheme to place such a ban in the future.

Representatives of the United Streeter, who flew to San States, Britain and Russia met for Raphael, Calif., Saturday with his States, Britain and Russia met for the second formal session of the deneva nuclear ban conference at the Palais des Nations. Before them they had a draft treaty submitted by Russia to the West at mitted by Russia to the West at palais refused at Redmond, Orc., and was described by Russian lest Friday. mitted by Russin to the West at the opening session last Friday. It reportedly consisted of:

-A solemn declaration to be signed by all three countries at once pledging them to refrain fore-ever from all further nuclear test-

-A control system to police the ban modeled on one proposed by nuclear scientists of the western and Soviet blocs who me, here last summer. The West has refused consistent-

ly to sign any unconditional all-time ban. It is unwilling to go beyend a year to year ban, and then only provided a control system is Joins Staff functioning and progress is made towards general nuclera discorra-

The West's main objections were said to be:

-Signing of an all-time ban here and now would feave the way open perhaps for years, over the control which the West feels is essential.

—The Russian plan left no loop-hole for nuclear explosions for peaceful purposes. The U. S. con-siders this essential to any nu-gradute of Drake University at clear ban agreement
