Benson Calls For Elimination Of Government's Stranglehold

Benson said that agriculture is that it will increase its burdened with two much govern-ment, too much politics, and too a pound Aug. 1. It also announced

problem are simple," Benson said. "We need less government in farming. We must quit trying to-fix prices unrealistically. We emphasize markets, increased efficiency, and competitive selling.
"We must eliminate govern-

prepared for delivery to the sociation.

Benson said realistic price supports can help-not hinder-farmers over the long pull.

WASHINGTON (UPI) - The Agriculture Department has said that production, consumption, and prices of world wool are going

production in 1958-59 currently is estimated at 5,200,000,000 pounds, up 200 million pounds, or 4 per cent, from the previous season. This heavy world production This heavy world production stemmed from record production Australia and the Soviet Un-

capita consumption of margarine partment predicts. In a study of butter and mar-

consumption treads,-the department noted that a substan-

margarine consumption in the same period rose from 2.9 pounds per person to 9 pounds. The department said price and

the gradual removal of restrictive legislation on margarine are the two most important factors behind the 25-year shift in use of butter to margarine. Butter es' to consumers usually have been at least double those for margarine.

United States is expected to agree today to consult closely with Free posing of its surplus cotton stocks on the world market.

The agreement would virtually to a pledge by the not to take any more unilateral steps in the world cotton market.
