

## Russian To Visit Farmers

CHICAGO (UPI) — Soviet First Deputy Premier Frol R. Kozlov gets an official greeting at City Hall today and spends the rest of the day seeing how American farmers live and work.

Russia's No. 3 man got a routine handshake from Mayor Richard J. Daley's representative Jack Reilly when he arrived at Midway Airport Wednesday. He was scheduled to receive an official welcome from the mayor today.

Then Kozlov and his party were to go by automobile to Grundy County, southwest of Chicago, for a tour of a half-dozen dairy, grain and livestock farms.

The Russian leader ended a rapid tour of the Gary-East Chicago, Ind., steel mill area Wednesday night by telling a group of American steel executives that the Soviet Union does not want to "impose its social structure on any people or nation."

He said he believed the United States, "also," was not trying to force others to accept its way of doing things.

Kozlov compared U.S.-Russian relations to an ingot of steel. Just as an ingot often has imperfections that must be cleared away, he said, so will there be disagreements between the Americans and Russians.

He said a steel ingot sometimes must be discarded entirely if it has too many imperfections. It would be a "catastrophe," he said, to allow the "ingot" of American-Russian relations to be thrown away.

Kozlov made the comments during a 10-minute, off-the-cuff speech before 25 of the nation's top steel officials and 50 hand-picked guests at a dinner in the plush South Shore Country Club in Chicago.

While waiters served a dinner of jellied consommé, roast beef, baked potatoes, avocado salad, grapefruit and orange supreme,

## Ike Confers With Herter About Geneva

WASHINGTON (UPI) — President Eisenhower and Secretary of State Christian A. Herter conferred today on U. S. strategy for next week's resumption of the Geneva Foreign Ministers' Conference.

Their White House talks, the second in two days, followed the weekly session of the National Security Council of which Herter is a member. Eisenhower has taken a direct hand in planning strategy for the second Geneva meeting.

Aides said the President and Herter were discussing policy and tactics to be employed when the deadlocked Big Four talks resume Monday. They also were said to be assessing the entire international picture in the light of Soviet Premier Nikita Khrushchev's latest tough talk on Berlin.

Today's White House meeting followed lengthy talks Herter held at his home Wednesday night with Vice President Richard M. Nixon in which major cold war issues and Nixon's forthcoming trip to Russia were discussed.

## Governors Linked In Telephone Call

PHOENIX (UPI) — The 50 states of the union were connected Wednesday in a conference telephone call made to discuss a fundraising drive for building a war memorial in Pearl Harbor.

Gov. Paul Fannin spoke from his office in the Arizona capitol to the 49 other governors or their representatives about plans to raise \$122,000 for the construction of a memorial to the 1,102 sailors and Marines who went down with the battleship Arizona in Pearl Harbor, Dec. 7, 1941.

Fannin said the motion picture "John Paul Jones" was scheduled to be shown in various state capitols from Aug. 4 to Aug. 11 with proceeds to go to the war memorial.

Three pickets stood outside the door handing out pamphlets telling of the "starvation of Hungary."
