**Best Room!**

JUST ONE OF 7 Big Bests Chevrolet  
OFFERS you over any other car in its field!

Take a tip from the experts... in  
their own words... and from on-  
line-record facts and figures: More  
than ever, Chevrolet gives you more  
than any other of the leading low-  
priced three! More room to relax in,  
for instance. A sampling of official  
dimensions reported to A.M.A.\*  
makes this clear. Chevy front seat  
hip room, for one thing, is up to  
59 inches wider than comparable  
cars. And Chevy even offers more  
front seat head room than all but  
one of the high-priced cars!

**Best Brakes** Not only bigger,  
but built with bonded linings for  
up to 66% longer life. Just to prove  
what's what, Chevy out-stopped  
both of the "other two" in a

NASCAR†-conducted test of re-  
peated stops from highway speeds.

**Best Style** It's the only car of  
the leading low-priced 3 that's un-  
mistakably modern in every line.  
"In its price class," says POPULAR  
SCIENCE magazine, "a new high  
in daring styling."

**Best Engine** Every motor mag-  
azine has given Chevrolet's stand-  
ard and Corvette V8's unstinted  
praise. As SPORTS CARS ILLUS-  
TRATED puts it: "... surely the  
most wonderfully responsive engine  
available today at any price."

**Best Ride** MOTOR TREND  
magazine calls Chevy "... the  
smoothest, most quiet, softest rid-  
ing car in its price class." You'll be

able to tell this yourself instantly,  
once you take the wheel.

**Best Economy** No doubt about  
this: two Chevrolet 6's won their  
class in the famous Mobilgas Econ-  
omy Run, got the best mileage of  
any full-size car, 22.38 miles per  
gallon—with Powerglide.

**Best Trade-In** Check in any  
N.A.D.A.† Guide Book. Chevy used  
car prices last year averaged up to  
\$128 higher than comparable mod-  
els of the "other two."

## Church Layman's Job Makes Changes

By LOUIS CASSELS  
United Press International

What is the layman's job in the church?  
Recent years have brought sweeping changes in American views on this subject. And there are signs that further revolution is brewing.  
Before World War II, the average layman felt that he was doing about all that could be expected of him if he attended worship services and contributed financial support.  
Virtually all of the work of the church — from evangelism to business management — was left in the hands of the hands of the ordained clergy.  
The vast expansion of church membership after the war made this arrangement untenable. Churches learned that even when they overworked their ministers, they simply didn't have enough professional manpower to cope with their growing task.  
So the layman was put to work. Gradually he took on many of the administrative responsibilities previously borne by the clergy.  
Millions of Volunteer Helpers  
Today there are millions of laymen, in every denomination, who

are serving their churches on a part-time volunteer basis. They are planning budgets, conducting fund drives, supervising building and maintenance programs, leading youth organizations, editing church publications.  
For the most part, they are doing an excellent job. So good, in fact, that some thoughtful religious leaders are beginning to wonder whether churches may not be "using" laymen a little too freely for purely institutional chores, and thereby obscuring the more fundamental ministry to which laymen are called.

That ministry has been defined in many ways. Perhaps the most meaningful concept to modern minds is that each layman should serve as a point of contact between the church and the world. Through his daily work, he should do whatever he can to serve humanity in the spirit of Christ. And in his everyday associations with friends, neighbors, fellow workers and casual acquaintances, he should be a "witness" — that is, give testimony — for Christ, both by his deeds and on suitable occasions by words.

**Laymen Understand Work**  
There have always been laymen who understood this ministry and sought to perform it. The new development is a growing recognition by church leaders that "involving" laymen in a frantic round of institutional activity is not necessarily the best way to prepare them for their most important task.  
Recent statements by an Episcopal clergyman and a Lutheran layman illustrate this new emphasis.

Dean Francis B. Sayre Jr. of Washington Cathedral said it is a sad mistake for clergymen to try to "lean laymen away in every moment of their spare time to the often-extraneous activities we call 'church work'."

Survivors include one daughter, Mrs. Eva M. Briggs of La Grande; two sons, Robert R. Cromby, Bothell, Wash.; and Frank V. German, Baker; a twin sister, Mr. Elma Anthony, Hastings, Okla.; five grandchildren and nine great grandchildren.
