most miles per gallon

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD.

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.38—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN
 Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST STYLE
 It's the only car of the leading modern priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE

magazine, "Chevrolet establishes a new high in daring styling."

BEST BRAKES
 In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevrolet out-stopped both of the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM
 Official dimensions reported to A.M.A.I. make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE
 Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the

most wonderfully responsive engine available today at any price."

BEST RIDE
 MOTOR TREND magazine calls Chevy ". . . the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!
