N. Y. STOCKS

NEW YORK (UPI) — Stocks extended Tuesday's losses on increased volume today.

Industrials made their lowest prices around noon when DuPont was selling at a loss of nearly 7 points. That issue came back substantially and others regained small amounts.

Electronics and other stocks having a connection with defense work were harder hit than the main list. Electronics were hammered down 1 to more than 4 points and their recovery from the lows was small. Aircrafts registered losses running to more than a point.

Steel issues generally were lower although the leading issues—U.S. Steel and Bethlehem—only gave up fractions. Chemicals were lower as a group. Ford firmed but other motors registered small declines. Metals eased. Oils went back on average.

Tire shares were down more than a point on average. American Home Products lost 2 in the drug. Owens Corning fell more than 3 in the glass group and Polaroid was down a similar amount in the cameras. Commonwealth Edison was a firm spot in the utilities.

No Relatives Among 'Intern Workers' In Official's Office

By FRANK ELEAZER
UPI Staff Writer

WASHINGTON (UPI) — Rep. Ken Hechler (D-W.Va.), who is 44 and a bachelor, wants it known he has no relatives on his congressional payroll.

All that mob of beautiful girls and studious boys at work in his office are no kin to Hechler. Besides, most of them aren't on the payroll.

They work free, and fight for the chance to do so. Some come from high schools and others from college. They call themselves interns in government.

Hechler, you may recall, is the Ph.D. and political science professor who decided last year to put to the test what he had taught so many years on how to get elected to office.

Nixon's Russian radio-TV speech, the network said Monday. NBC said it suggested that Khrushchev record a speech using the equipment displayed by Radio Corp. of America at the U.S. exhibit in Moscow—the same equipment before which Khrushchev and Nixon carried on a portion of their public debate on the exhibit's opening day.

But it called for cooperation between the races to bring Negroes "to a place of responsible citizenship."

Jury Clears Man In Death Of Infant

OAKLAND, Calif. (UPI) — A jury of nine men and three women acquitted Robert A. Jamison Tuesday of charges he fatally beat his 18-month-old stepson in Alameda, Calif., two years ago.

The jury returned the verdict after 5 1/2 hours of deliberation. Jamison, 21, a former circus roustabout, contended that the child, Ronald Weber, fell down a flight of stairs and suffered fatal injuries when he tried to administer artificial respiration.

His wife, Nellie, 20, had charged that he beat the child to death for crying. She turned him in last October. A year after the boy's death.

Jamison, who stood tensely as the jurors filed in, slumped with relief when the verdict was announced. He lowered his head and murmured, "thank you," to Public Defender George Nye, who was standing beside him.

"I never felt more relieved in my life," Nye said after the verdict. "I was positive Jamison wasn't guilty."

Jamison expressed no bitterness towards his now-divorced wife, who was in Bellingham, Wash., Tuesday with her sole surviving child, Johnny Jamison, 2.

"I don't know just what I'm going to do now," Jamison said. "But I'm going to try to get my son back."

Actor Mitchum Loses To Judo In Irish Bar

DUBLIN (UPI) — Hollywood helen Robert Mitchum tangled with a gimp little Irishman in a bar here Monday night and wound up nursing a cut eye and a fat lip, it was reported today.

The Irishman turned out to be a judo expert.

He limped up to the actor in a Dublin pub and asked him to sign his wife's autograph book. Mitchum complied by scrawling an unprintable message in the book.

When the Irishman complained, the actor dumped his drink over the Irishman's head, exclaiming: "Peace... peace... peace... that's all I want."

The Irishman expressed a few outspoken opinions about Mitchum's manners and pebble ancestry, and the strapping actor charged head down like a bull. A skillfully applied judo hold sent him flying, and the Irishman—nobody got his name—limped quietly off into the night.

"Bob is inclined to chalk it all up to experience," a spokesman said today.
