

It Is Time To Rally Round The Flag, Boys

NEW YORK (UPI) — It is time to rally round the flag, boys. The network schedules for the coming season are ready for posting and there's still no niche for Omnibus.

I have a sneaking suspicion that there is something wrong with a TV system that can't afford to carry its best—its weekly Sid Caesars, its See It Now and its Omnibuses. (Or is it Omnibus?) There are all sorts of confusions in prime time for the meandering set, but except for an occasional spectacular or Playhouse 90, there is little programming of substance in prime time.

Ceremony Due For Wagoneers At The Dalles

QUINTON, Ore. (UPI) — The Oregon centennial wagon train camped near here Thursday night between the Union Pacific railroad and the Columbia River on property owned by Roy Phillip of Quinton.

The campsite was surrounded on two sides by archeological diggings.

Today the wagon train moves 19 miles to a campsite one mile west of Biggs between the Union Pacific railroad and highway 30.

The 20th century pioneers are slated to arrive in The Dalles Saturday morning at which time an all-aluminum key to the city, manufactured by the Harvey Aluminum company of The Dalles will be presented to Wagonmaster Tex Serpa.

Ceremonies re-enacting a meeting 100 years ago between Wasco Indians and a wagon train will be conducted Saturday morning.

At that time the Indians met the wagon train on the Columbia River and exchanged jerky, smoked salmon and moccasins with the wagon train members, who were without shoes and food, for blankets and then assisted them to Fort Dalles, according to chief Nathan Heath of Warm Springs.

An Indian style dinner will be given to the Oregon cavalcade Saturday evening, with Laura Thompson, wife of the late Wyan chief Tommy Thompson, serving the 50ers.

The Oregon wagon train will start the trip down the Columbia River from The Dalles to Portland Monday morning and will spend the night on the barge in the Willamette River. The wagons will be unloaded Tuesday morning and then the cavalcade will head for the Tuesday night camp at Hillsboro.

DROWNS AT CONFERENCE
SAN JUAN, P.R. (UPI) — Forest Ladd, a member of the Tennessee delegation to the 51st governors conference here, drowned Wednesday night in the pool of his hotel. Ladd, 43, had gone for a swim after the conference adjourned Wednesday afternoon, and authorities said he may have hit his head on the bottom of the pool.

1959 Sales Way Up
General Motors first half sales are estimated at \$6,599,000,000, against \$5,031,261,000 last year. The four companies reporting to date had a sales aggregate of \$5,190,560,000 for the first half, against \$3,372,988,000 in 1958.

Adding the General Motors estimated sales, the total would amount to \$11,690,560,000, against \$8,404,249,000 in 1958, a rise of 39 per cent.

Ford's first half amounted to \$5.22 a share, against 29 cents in 1958. Chrysler's was \$6.63 a share, against a net loss of \$25.5 million. American's works out at \$4.80 against \$1.73. Studebaker's is \$1.87 against a net loss of \$13.3 million.

For this picture, American Motors earnings have been worked out for the half year. Its report made the other day was for the first nine months of its fiscal year. That period showed sales of \$688,787,216 and net income of \$49,599,962 or \$8.36 a share. These figures compared with \$358,518,676, \$14,583,416 and \$2.61 a share for the 1958 period respectively.

Big First Half
It was a giant first half all around. The third quarter isn't going to be as big, say the automobile makers. And their expenses will be higher because they will include new tools to turn out new compact cars that are expected to give the foreigners a run for their money.

The fourth quarter should be a big one, say the experts. The year 1959 will see big earnings totals, other things being equal and the steel strike kept within reasonable limits. It is expected the total output will cross six million units.

Foreign producers aren't apt to take the inroads of the big three into compact cars lying down. They already are whooping up refinements to capture more American sales.

Renault of France has a new gimmick to get the U.S. business—a front engine, front wheel drive light truck. This rounds out its line which includes the 1CV and Dauphine passenger cars and the new Caravelle sports car.

DOOMED WOMAN APPEALS
ATLANTA (UPI) — Mrs. Annette Donovan Lyles, scheduled to die in 11 days for the arsenic murder of her young daughter, appealed to Gov. Ernest Vandiver Wednesday for a reprieve. Her attorneys indicated they wanted more time to prepare an appeal to the Board of Pardons and Paroles asking that her sentence be commuted to life imprisonment.

Mrs. Lyles would be the first white woman to die in the electric chair in Georgia. Its re-

Side Glances

"I didn't really need a new dishpan, but this rain would simply ruin my hairdo!"

General Motors Earnings May Up Car Producers Income

NEW YORK (UPI) — General Motors Corp. earnings for the first half of 1959 to be published on Thursday are expected to lift net income for the nation's five automobile producers to a billion dollars.

Earnings of the first four companies to report for the half year—Ford, Chrysler, American, and Studebaker - Packard—amounted to \$404,861,075. This total compared with a net loss of \$13,079,484 in the first half of 1958.

To bring the net for the five producers up to one billion dollars, the General Motors report must show net income of \$395,138,925 or \$2.06 a share on the common stock. Wall Street experts believe that easily will be attained.

The GM total would compare with \$334,514,226 or \$1.17 a share in the first half of 1958.

If GM attains this figure the five companies will show one billion net against \$321,434,782 for the first half last year, a rise of 208 per cent.

1959 Sales Way Up
General Motors first half sales are estimated at \$6,599,000,000, against \$5,031,261,000 last year. The four companies reporting to date had a sales aggregate of \$5,190,560,000 for the first half, against \$3,372,988,000 in 1958.
