The interior quality of such

Eggs handled according to these eggs will be measured by a new

nounced today that a new "controlled quality" egg grading program will take effect Sept. 15.

The program provides for government certification of the quality of eggs which are produced and marketed under controlled conditions. The quality control factors include uniformity in age of laying flocks, constant temporal certification of the quality of laying flocks, constant temporal certification of the quality of eggs which are produced and marketed under controlled designation. Eggs meeting the foreign Agricultural Service said today the average citizen of the legs than one-fourth of his weekly paycheck for food. paycheck for food. In Europe, food bills range from 27 per cent of income in

Demmark to 46 per cent in Italy.
The FAS said Canada, where 5 per cent of the average person's pay goes for food, and the United States, where food takes 4 per cent, rank the lowest of 30 countries supplying statistical information.

WASHINGTON (UPI) - The Agriculture Department bought 515,775 pounds of dried whole egg solids this week for \$577,600 under surplus removal program,

a surplus removal program.

This week's purchases bring to 10,295,250 pounds the amount of dried eggs purchased since the beginning of the program April 24. The department has paid a total of \$11,635,808 for the eggs.

The eggs will be distributed to needy persons and welfare institutions.

WASHINGTON (UPI)-Popcorn growers in 17 commercial states expect to harvest only 144,000 acres this year, the smallest crop n 10 years.

Agriculture Departmen said all major producing states show sharp drops in acreage for harvest from last year. The losses Credit Unions Growing
