**THIS FRIDAY & SATURDAY!**

**ROTO-ROCK . . . BY SLYTER**

The ROTO-ROCK is, perhaps, America's most famous chair-rocker. Originated and patented by Slyter, it has been imitated throughout the United States. Because of the patents, it has never been equalled.

The ball-bearing swivel fixture carries a patent of its own, and is fully guaranteed. This unit features both an inner and outer ball-bearing race, with more than 96 bearings to take the wear.

Many sizes and designs are available to fit any decorating scheme, yet retain the great comfort and flexibility that have made these rockers so famous.
