The high point award, a horse halter, put up by the club, was won by senior, Maureen Beck; Donnie Starr and Linda Yates tied for second place; Suzy Michel, third.

A potluck dinner which was served under the pine trees, followed the program and concluded the event.

Mr. Siegrist, presented President, Marilyn Teeter with ribbon awarded by the Elgin Stampeders for the second best riding club in the recent parade. President Marilyn also thanked, at this time, all those who helped

Senator Urges Farm Surplus Be Used

WASHINGTON (UPI) — Sen. Frank Church (D-Idaho) has urged Congress to put the nation's farm surpluses to "wholesome use" through an expanded program of overseas sales in exchange for foreign currencies.

"With this food," he told the Senate Monday, "we will first relieve hunger, and then set in motion programs that will help improve the conditions which produced it: Poverty, illiteracy, disease and ignorance."

He pointed out that pending legislation which would extend and broaden the surplus disposal program, which expires this year, would provide for use of the foreign funds.

BRISBANE, Australia (UPI) — British Princess Alexandra was reported confined to her bed today with a cold and laryngitis. The Princess' doctor said she had traveled in an open car in cold winds.

with the program and throughout the club year. She expressed particular appreciation to Art Behrens and Norm Wyland.

Farm Prices For First 7 Months Show Decline

WASHINGTON (UPI) — Farm prices in the first seven months of 1959 were 3 per cent lower than in the same period last year, the Agriculture Department said today.

Cash receipts from farm marketings totaled \$16,600,000,000 in the January through July period this year, about 1 per cent less than in the same months of 1958. Volume of marketing increased more than 2 per cent.

Receipts from livestock and

products amounted to \$10,500,000,000 in the first seven months of this year, 3 per cent below 1958. Smaller receipts from hogs, eggs, broilers, and dairy products more than offset larger receipts from cattle.

Receipts from crops during the period totaled \$6,100,000,000, up about 3 per cent from 1958. Substantial increases in returns from oranges, wheat, corn, and tobacco were offset partly by a sharp drop in receipts from sorghum grain and potatoes.

Cash receipts in July tentatively were estimated at \$2,900,000,000 or 3 per cent below July, 1958.

WASHINGTON (UPI) — Final results in the July 23 referendum in the 39-state commercial wheat producing area showed today that 80.3 per cent of the farmers who voted favored marketing quotas for the 1960 wheat crop.

The Agriculture Department reported the vote as 199,769 for quotas and 49,427 against. The final of those in favor was slightly higher than the preliminary figure of 80.7 per cent announced July 24.

The 1960 crop referendum was the ninth time farmers have voted for wheat marketing quotas.

WASHINGTON (UPI) — The Senate Agriculture Committee has approved a "food for peace" bill which would expand the sale of U.S. surplus farm commodities overseas.

The measure is based largely on a bill sponsored by Sen. Hubert Humphrey (D-Minn.). It contains a number of features which have been endorsed by the administration.

It would extend for three years the current authorization for overseas sale of up to \$1,500,000,000 in surplus items annually for foreign currencies.

It would permit the use of some of the foreign currencies as loans for private or governmental economic development, educational programs to alleviate poverty and disease, and emergency purchase in disasters of items other than food.

WASHINGTON (UPI) — The Senate has passed and sent to President Eisenhower a bill that would outlaw hunting of wild horses on public lands or ranges by airplane or automobile.

It would outlaw poisoning of waterholes to trap the wild horses. The Senate approved the measure Tuesday.

"Wild Horse Annie," a title given Mrs. Velma B. Johnston, Wadsworth, Nev., led the long congressional fight to save the vanishing herds.

To Show 'Devons' At Fair

Devon cattle, the first breed of cattle to be brought to this country by the Pilgrims, will be shown at the Centennial Oregon State Fair for the first time this year. Fair dates are September 5-12.

The beef cattle are among the larger animals that will be shown during the eight-day livestock show. Nine other types of cattle, 12 varieties of sheep, five kinds of goats and eight classes of swine are listed in the new premium book.

The Devons were the native cattle of the British Isles, and later were used extensively in the oxen trade in the U.S. with many covered wagons being pulled across the country by them. Only recently was an effort made to restore the animal to its original prominence. Instrumental in its renaissance was Oregon Senator Wayne Morse, who is president of the American Devon Cattle club.

Dairy cattle to be shown are Jerseys, Guernseys, Ayrshires, Holsteins, and Brown Swiss. Premier exhibitor and breeder awards will be presented in each class, based on the showing of 10 animals in open single classes. The American Guernsey club will also present ribbons to the breeders of the three top Guernseys in each classification.

Milking shorthorns will be the only dual purpose cattle to be shown with premier exhibitor and breeder awards to be awarded.

Herefords, Aberdeen - Angus, shorthorns and polled shorthorns will be exhibited besides the Devons in the beef cattle division. The fair has been designated as a qualifying show in the American Hereford Association's Register of Merit System. The American Aberdeen-Angus Association and American Shorthorn Association will add 20 per cent to the premiums in their respective classes.

Only two of the sheep breeds shown at the first fair in 1861 are still being exhibited but 10 others have been added through the years. Southdowns and Cotswolds will make their 94th appearance, and they will be joined by Corridales, Romneys, Dorsets, Columbias, Shropshires, Cheviots, Lincolns, fat lambs, Suffolks and Hampshire.

The Gold Sheep Bell, one of the most coveted trophies awarded at the fair, will go to the exhibitor showing the best pen of four lambs, either sex. Oregon Purebred Sheep Breeders Association is offering cash awards based on best feet and leg setting.

Ten different classes are listed in the swine judging. They are Durocs, Poland Chinas, Hampshires, Chester Whites, Berkshires, Spotted Poland Chinas, Yorkshires, Barrows and Fat Barrows.
