

Former Duck Back Stars On Offense With Washington

WASHINGTON (UPI)—It was in the darkened office of the Washington Redskins coaching staff and the coaches were looking at movies of last Sunday's victory over the Chicago Cardinals.

On the screen, Eddie LeBaron was pivoting around and tossing a pitchout to number 47. Number 47 steamed around end, then saw a sliver of daylight just outside the Cardinal tackle. He cut sharply back in and went 11 yards. If he had stayed wide, he would have been lucky to get two.

"Look at the little so-and-so," chuckled head coach Mike Nixon.

Khrushchev Is Termed Mass Killer

WASHINGTON (UPI)—A congressional committee has asked testimony that Soviet Premier Nikita S. Khrushchev rose to power through mass murder, starvation and torture and should not be trusted.

The testimony, charging Khrushchev with the direction of man-made famines, shootings, deportations and suppression of religion, was given by nine witnesses, all but one natives of the Ukraine.

The other witness, Dr. Lev E. Dobriansky, professor of Soviet economics at Georgetown University here, charged that "there are several hundred Americans who are still in Khrushchev's slave labor camps."

Committee Releases Testimony

The testimony was released by the House Committee on Un-American Activities as the second report on closed hearings it held on "the crimes of Khrushchev."

In a slap at Khrushchev's American tour, the committee quoted the premier's own words in a special preface to the testimony.

"If anyone believes that our smiles involve abandonment of the teaching of Marx, Engels and Lenin, he deceives himself poorly. Those who wait for that must wait until a shrimp learns to whistle."

Paraphrasing among the charges was testimony that Khrushchev carried out a program of mass starvation to stamp out public resistance in the Ukraine when he was boss of the Communist Central Committee there.

Famine Kills Millions

Nicholas Prychodko, now a professional engineer for the city of Toronto, Canada, and formerly a professor at Kiev University, testified that six to seven million persons died in the "man-made" famine.

Constantin Kononenko, of Boston, N. J., testified that while Stalin made "the basic decision" on the campaign, "Khrushchev cannot obliterate the historical fact that he was actually the perpetrator of the details."

Unemployment, Employment Drops

WASHINGTON (UPI)—The government was expected to report today that unemployment and employment both dropped in September pretty much according to seasonal trends.

The Labor Department's monthly report on the job situation was scheduled for release amid warnings that layoffs caused by the steel strike are about to rise sharply.

Department officials said steel inventories might dry up soon with resulting cutbacks in production and a new wave of layoffs. The latest government estimate was that steel-related layoffs exceeded 160,000.

Some sources said that this figure could double within weeks if the strike continued.

The job report was expected to show a drop of about 200,000 in unemployment for the mid-August level of 3,426,000.

The number of non-farm jobs dropped by about 700,000 as students quit summer work and went back to school. Most of the decline came in seasonal work such as construction, food processing and vacation resorts.

Non-farm employment hit a record high of 60,884,000 in August.

With little change in farm jobs, the overall employment total for September was expected to slide well below the 67,241,000 posted in August. The number of jobs in the economy climbed to an all-time high of 67,284,000 in July.

College Teams Have Record Number Of Bowl Games To Pick

NEW YORK (UPI)—College football teams will have a record 15 NCAA-approved bowls from which to choose this year.

Executive Director Walter Byers announced Monday that the NCAA extra events committee has approved five new post-season games — making the largest total ever certified since the committee started its program in 1951. There had been as many as 31 post-season games before the NCAA enacted legislation in 1951.

The five bowls certified for the first time are the Aluminum, Bluebonnet, Flower, Liberty and Santa bowls. The Citricado Bowl at Escondido, Calif., approved last year, will not be played in 1959.

The NCAA list does not include such games as the Shrine, Blue-Gray, North-South and Senior bowls because they feature senior stars who have finished their varsity careers.

The NCAA regulations provide that no member institution may participate in a post-season game unless the game is certified; no institution play in more than one such game during any academic year, competing institutions be allocated not less than one-third of the total stadium seats, and an extra events committee of the NCAA shall determine whether given contests meet the NCAA requirements.

Reds Accuse U.S.

TOKYO (UPI)—Communist China said a U. S. warship intruded into its territorial waters in the Fukien coastal area opposite Formosa Sunday.

It issued its 73rd "serious warning" against the alleged intrusion. The warnings began last year at time of the Reds' threatened invasion of the Nationalist offshore islands.

Dear Mom

All the kids had potato chips today, because October is potato chip month. Can we have some tomorrow?

Johnny and Dorrie

P.S. maybe after school, too?

INJURIES PLAGUE BEAVERS; WSU WORKS ON PASS DEFENSE

United Press International
BERKELEY, Calif. (UPI)—The University of California Bears spent an hour working out in shorts Monday in the longest Monday session since the opener against Washington State.

Coach Pete Elliott worked the club on defensive formations for use against UCLA this weekend. He also made several lineup changes, moving ends Dave George and Gale Barisotti, center Andy Seagle, and halfbacks Grover Garvin and Steve Bates up to the first unit.

Huskies Let George Do It-All

SEATTLE, Wash. (UPI)—Washington's undefeated Huskies are happy to "let George do it," just so long as the man in question is halfback George Fleming, who could become one of the best on the Coast this season.

The swift jack-of-all-trades from Dallas, Tex., has accounted for 34 points so far during the present drive to crash the Rose Bowl and rates as a key man in the forthcoming crucial game here against rampant Southern California.

Last Saturday they "let George do it" this way while the Huskies turned back Stanford, 10-0.

He kicked a 21-yard field goal in a drizzle, made two vital interceptions off the redoubtable Dick Norman, booted an extra point and averaged 4.3 yards in 13 carries. He also threw only one pass but that clicked for 14 more yards.

Three For Three

Fleming has made good on all three field goal shots this year and is a rock on defense.

"He can do anything well," says coach Jim Owens. "He's a good receiver, his kicking has been one of our strong points, and those two interceptions in the Stanford game attest to his skill there."

The word around the campus is that Fleming may be the best place kicker to check in since Jim Rosenzweig, who connected on a total of 62 points during 1948-50.

"There may be better ball carriers than Fleming," Owens says. "And there may be even better pass receivers, although they would be hard to find."

Owens agrees that it's nice to have Fleming's unerring toe around whenever the Huskies

Good Open Field Runner

"He's not too big but he has a good change of pace and is a fine open field runner," Jim declares. "And he is a great team man."

While Fleming and the Huskies square off against Southern California, the rest of the West Coast schedule next Saturday finds California at UCLA, Washington State at Stanford, the Air Force Academy vs. Oregon at Portland, Idaho at Oregon State, Marquette at College of the Pacific, and San Jose State at Fresno State.

George and Gale Barisotti, center Andy Seagle, and halfbacks Grover Garvin and Steve Bates up to the first unit.

PULLMAN, Wash. (UPI)—The Washington State Cougars concentrated on pass defense Monday in preparation for an expected aerial attack by Stanford this Saturday.

Coach Jim Sutherland warned the Cougars they would be facing one of the best passers in the country in the Indians' Dick Norman.

Sutherland had George Reed and Lee Schroeder running one-two at fullback, replacing Ted Cano who is expected to be out for the season. Cano suffered a broken leg against Colgate of the Pacific Saturday.

MOSCOW, Idaho (UPI)—The Idaho Vandals, winless in four starts, worked out on both offense and defense Monday in an effort to find a scoring punch and tighten their defense.

The Vandals got through the Air Force game last Saturday with only one serious injury. Tackle Ron Ishmael, who also serves as the squad's place-kicker, turned an ankle and is a doubtful starter against Oregon State this weekend.

EUGENE, Ore. (UPI)—Coach Len Casanova of Oregon said today the Webfoots would have to play "their best football game" if they hoped to beat the Air Force this Saturday.

Both teams are unbeaten.

The Ducks concentrated on penetrating Air Force-type defenses in Monday's workout.

CORVALLIS, Ore. (UPI)—The Oregon State Beavers, still plagued by injuries, held a light workout Monday in preparation to penetrate into enemy territory but can't get across the last stride.

Good Open Field Runner

"He's not too big but he has a good change of pace and is a fine open field runner," Jim declares. "And he is a great team man."

While Fleming and the Huskies square off against Southern California, the rest of the West Coast schedule next Saturday finds California at UCLA, Washington State at Stanford, the Air Force Academy vs. Oregon at Portland, Idaho at Oregon State, Marquette at College of the Pacific, and San Jose State at Fresno State.

SEATTLE, Wash. (UPI)—Coach Jim Owens scheduled a lengthy workout for his Washington Huskies today as the club got down to serious work for the southern California game this Saturday.

Both the Huskies and Trojans are unbeaten.

The Huskies watched Trojan movies Monday, then took part in light drills.

STANFORD, Calif. (UPI)—The Stanford Indians opened practice Tuesday for the Washington State game this weekend, hoping to atone for last season's 40-6 loss to the Cougars.

"They gave us quite a reception at Pullman last year, coach Jack Curtice observed, "but this year's contest looks like a toss-up."

LOS ANGELES (UPI)—Coach Don Clark said today he expected the return of No. 1 quarterback Willie Wood to place the University of Southern California football squad to be in the best shape of the season for Saturday's clash with Washington in Seattle.

Wood was sidelined last for the season with a shoulder separation, but returned Monday to light practice. In addition, Dan Ficca and Mike McKeever, two starting linemen sidelined with foot injuries for the past week, also are back.

LOS ANGELES (UPI)—The UCLA Bruins, well rested after last week's bye, are raring to go against California Saturday, coach Bill Barnes said today.

Barnes put the squad through a lengthy defensive drill Monday designed to guard against Cal's rollout plays and pitchouts and then an end-of-practice scrimmage. He said the Bruins are in good shape.

DISCUSS UNIVERSITY PLANS

ROME, UPI—Monsignor Paul Yu Pin, expelled archbishop of Nan-king, China, arrived here from New York Sunday to discuss with Vatican officials plans for a Catholic university on Formosa.

Coaches To Film Grid Stars

CHICAGO (UPI)—The American Football Coaches Association announced today that it will produce a half-hour film, available for members of its 1959 All-American football team.

"It will carry in pictures the story of American football to all corners of the nation," said Wally Butts, head coach at the University of Georgia and president of the coaches' association, in announcing the new project.

At the same time, Butts announced that the coaches' 1959 team would be selected for General Mills and that the team would be distributed as an exclusive feature of United Press International.

Selection of the team will be approved by an 11-man board of the coaches' association. The board will weigh recommendations of the other coaches and scouts and movies of all games and playing before making its final selection.

The personnel of the team will be announced for afternoon newspapers of Wednesday, Nov. 2. United Press International Newspapers will carry a picture layout of the team.

Promote College Football

The film, which will run 25 minutes on its first run, will feature the All-Americans in action, their campus and practice field sequences, with leading coaches among those doing the commentary.

"We hope the movie will promote college football the same as the World Series movie promotes major league baseball," Butts said.

The film will be available to sponsoring groups for previewing on the day the team is announced. The film also will be adapted for television, with United Press International the distributing agent.

Butts said the film had been sold to sponsors in 70 cities thus far. The sponsors plan to show the film at civic and other group meetings. Among the sponsors thus far, Butts listed 11 states and four nations, 10 districts and five banks.

"The response has been most heartening," he said.

KATHY JACKSON RETIRES

ATLANTA, Ga. (UPI)—Ransom "Buddy" Jackson, recently elected to waivers by the Chicago Cubs, has announced his retirement from baseball.

They're here!

LOWEST-PRICED LIGHT AND MEDIUM TRUCKS

Priced lowest of the leading makes*

NEW FORD TRUCKS for '60

with **Certified Economy**

CERTIFIED GAS SAVINGS • CERTIFIED DURABILITY
CERTIFIED RELIABILITY • CERTIFIED LOWEST PRICES

You get the best of the new in 1960 Ford Trucks. And economy backed by the Certified tests of leading independent automotive engineers. Certified gas savings! New tests verify the gas savings of Ford's modern Six—the engine that got 25% more miles per gallon than the average of all other makes in Economy Showdown U.S.A.!

Certified durability! Tests of key truck parts showed, for example, 20% longer brake-lining life for Ford's new F- and C-600's... 23.6% greater frame rigidity on half-tonners.

Certified reliability! Based again on Certified tests. Example: Ford's new wiring assembly operated without failure more than three times as long.

Certified lowest priced! See the price comparison. See the Certified Economy Book at your Ford Dealer's now!

FORD TRUCKS COST LESS

LESS TO BUY... LESS TO RUN... BUILT TO LAST LONGER, TOO!

TILT CABS—LOWEST PRICED IN THE INDUSTRY and the most popular for 1960. There's new comfort and driving ease... new gas economy and durability in Ford's Short Stroke engine! New Tilt Cab Series are available, ranging from 18,000 GVW to 65,000 GVW.

MEDIUM DUTY—LOWEST PRICED OF THE LEADING MAKES! In addition to lowest price, this F-600 Stake offers increased strength in frame and steel metal... colorful new cab interiors... the gas savings of Ford's modern Six. Maximum GVW, 21,000 lb.
