

Cost Of 'Living' Hits High

WASHINGTON (UPI)—Living costs climbed to an all-time high in September, the government reported today.

Consumer prices rose for all major groups of goods and services except transportation.

Food, housing, medical care and personal services all cost more, the report showed.

The Labor Department's consumer price index rose four-tenths of a point from August to a September level of 125.2. The index is based on a 1947-49 average of prices taken as 100.

Slight Dip in August
The September index meant that a market basket of goods and services costing \$19 a decade ago cost \$12.52 last month.

The index has gone up in five of the past six months. It dipped slightly in August after setting a record of 124.9 in July.

The Labor Department's price chief, H.E. Riley, pointed out that some of the increase in recent months was a seasonal thing. He said the outlook for October and November was for declines in food prices, possibly including big reductions in meat costs.

Today's report means 1,236,000 workers whose wages are tied by contract to the price index, will get a pay boost.

Some 850,000 railroad and rail-way express employees will get increases of three cents an hour. Aircraft employees of Douglas, McDonnell, Northrop, and Hayes will get one-cent an hour boost, as will electrical equipment workers at Sylvania.

Employees of General Electric will get pay increases of one-half of 1 per cent.

More Purchasing Power

The department also reported that the purchasing power of employed factory workers increased in September. An average weekly increase of about 45 cents in take-home pay was reported.

Compared to a year ago, take-home pay of factory workers was up about \$2.75 a week. A worker with three dependents took home an average of \$89.21 a week last month.

EXCHANGE GUNFIRE

JERUSALEM, Israel (UPI)—Syrian troops opened fire with machineguns and rifles on an Israeli patrol near Ashmora in the Lake Huleh region Thursday, an Israeli army spokesman announced.

He said the Israelis returned the fire and that the shooting continued intermittently for about 90 minutes. No casualties were suffered by the Israeli patrol, he said.

He is the chairman of the Mount Emily United Fund Drive.

DEAN SEAVERNS, Pres., Local 2851 Lumber and Sawmill Workers

We pay tribute to the splendid spirit of cooperation and the generosity with which our employes give their time and money to insure the success of our United Fund Drive. Nowhere is the admonition to "Love Thy Neighbor" better followed or more deeply felt than in our family.

Like the man who is too busy getting it done to stop and talk about it, our employes aren't saying — they're doing!

We are proud to say it for them. Well done!
