

Mardi Gras Cake Wins \$25,000

1959 BAKE-OFF WINNER, Mrs. Eunice Surlis of Lake Charles, La., is congratulated by movie Oscar winner, Greer Garson, and Mrs. Eleanor Pillsbury, when her Mardi Gras Party Cake won the \$25,000 top prize in the 11th Annual Pillsbury Bake-Off.

The cake which won \$25,000 for the newly crowned "Cook of the Year" is a delightful taste adventure from the deep south. Mrs. Surlis says it's delightful on two other counts, too: simplicity of recipe and ease of baking. Here's the way to make it.

MARDI GRAS PARTY CAKE

Pillsbury's Best 11th Grand National Recipe and Baking Contest
Recipe Adapted by Ann Pillsbury

2/3 cup butterscotch morsels
1/2 cup water
2 1/2 cups sifted Pillsbury's Best All Purpose Flour
1 teaspoon salt
1 teaspoon soda
1/2 teaspoon double-acting baking powder

Melt butterscotch morsels in water in saucepan. Cool. Sift flour with salt, soda and baking powder; set aside. Add sugar and brown sugar gradually to shortening, creaming well. Beat in eggs, beating well after each. Add butterscotch morsels, mix well. Add dry ingredients alternately with buttermilk, beginning and ending with dry ingredients. Blend well after each addition. (With mixer use a low speed.) Turn into two 9-inch round layer pans, well greased and lightly floured on the bottom.

Bake at 375° for 30 to 35 minutes. Cool; spread frosting between layers and on top to within 1/2 inch of edge. Frost sides and top edge with Sea Foam Frosting, or whipped cream. Makes two 9-inch layers.

Butterscotch Frosting:
Combine 1/2 cup sugar and 1 tablespoon cornstarch in 2-quart saucepan. Stir in 1/2 cup evaporated milk, 1/2 cup water, 1/2 cup butterscotch morsels and 1 beaten egg yolk. Cook over medium heat, stirring constantly, until thick. Remove from heat; add 2 tablespoons butter, 1 cup coconut, chopped, and 1 cup pecans or walnuts, chopped. Cool.

Sea Foam Frosting:
Combine in saucepan 1/2 cup sugar, 1/2 cup firmly packed brown sugar, 1/2 cup water and 1 tablespoon corn syrup. Cook until a little syrup dropped in cold water forms a soft ball (236° F.). Meanwhile, beat 1 egg white with 1/4 teaspoon cream of tartar until stiff peaks form. Add syrup to egg white in slow, steady stream, beating constantly until thick enough to spread.

86 Boys Attending Hobby House Crafts

Riverside Hobby House is in its fourth week of craft classes for boys. There are 86 registered in the three divisions. First and second grades have 46; third grade, 13; and the fourth grade and up, 27.

Due to the large number of first and second graders, the group was divided, with Willow and Riveria on Wednesdays and Greenwood on Fridays.

During this four weeks the boys have made a marble and wood paper weight, dog head tooth brush holders and two weeks of plaster painting. Future classes will include kitty letter holder, bean bag, pictures on glass, vase using raffia, shelf and model airplane or car.

They need for these classes, odd shaped jars and bottles, empty thread spools and odds and ends. These may be left at the Sprouse Reitz, or will be picked up. They can also use any old lamp shades.

Leaders this year includes Bessie Pellett, Alice Carlton, Marie Houston, Clara Johnson, Barbara Morrison, Betty Neilson, Irene Meek and Corrie Romine.

Womens meetings are also being well attended. They meet on Tuesday evenings, with a different project leader each week. In past meetings they have learned to cut out knick knack shelves on a jig saw, make wood and marble paper weights, pictures and small baskets from old records.

A potluck for the women and their families is held the second Tuesday of each month. One meeting a month is a work meeting with the women painting and repairing toys, making aprons and pillow slips for the bazaar to be held in early December.

They need toys that are broken that can be fixed or parts used. Dolls are badly needed. If you can help out, call Mrs. Oliver Romine and they will be picked up.

MISS LOUISE SCOTT Engagement Announced

Whittemores Will Visit At Eugene

ELGIN (Special) — Mr. and Mrs. Chuck Whittemore left Friday for Eugene on business. While there, they will visit their son, Chuck Jr., who is attending the U of O. They attended the football game at Portland.

Superintendent Anthol Sayre returned to Elgin Tuesday from Salem, where he attended a conference on "Guidance Work in Schools."

Drill Team Practices
The officers and members of the Jewel Rebekah Lodge drill team have been practicing the seating drill and the honors to be presented when the president, Mrs. Ruth Voss, pays her official visit and attends the convention in Summerville on Oct. 28.

Jewel Rebekah Lodge 96 was brought to order by Noble Grand, Mary Sanderson, with Vice Grand, Hester Glenn also in the chair. The minutes of the previous meeting were read and approved. The convention discussed and final plans were completed. It was reported that a room had been attained for the president at the Sacajawea Hotel in La Grande. Under sickness and distress all members were reported to be improving. Some of the members were dressed in Halloween costumes. Pictures were taken by Wayne Parks. Lodge was closed in regular form, with refreshments in the dining room. The refreshments committee was Sibly Wylend, Edith Tuck, Mary Adele Sanderson, and Gwen Houtz. Pumpkin pie and coffee was served to 28 members.

Mr. and Mrs. Billy Sanderson's little boy was taken to the hospital with a severely cut finger.

Mr. and Mrs. Ralph Roth left for their home in Sterling, Nebr. They have been guests in the home of his sister, Mrs. Ruth Coriell of Summerville.

Plans are under way for a dime dinner to be held at the Imbler school Oct. 30. There will also be small helpings for the children to be sold for a nickel. There will be dancing for the high school and grade pupils.

CRAIG'S NU-WAY CLEANERS
1708 Sixth Phone WO 3-2311

By Leonard Craig

Let's talk about printed fabrics—big news this year in fashion. In the ordinary or direct method of printing fabric, simple and elaborately colored designs are impressed on the woven cloth by means of engraved rollers. In block printing flat blocks are used instead of rollers and this operation is performed by hand. Stenciling is another hand process of applying colors to fabric. Often the stenciled design is planned to fit a woven pattern, so it looks as though the fabric were composed of two or more series of different colored threads.

What has all this to do with cleaning? A great deal. Your cleaner must make certain that the dyes used in the roller or stenciling process are color fast—that they will not "bleed." Combination fabrics—like wool-and-nylon, rayon-and-wool, dacron-and-nylon—all require different types of dyes, which in turn impose a need for special cleaning formulae.

Every garment you send us for cleaning presents its own special challenge. We'll always make the necessary tests to determine which method will insure safe, satisfactory results. If it can be cleaned, we can clean it... just a little bit better! Call us for prompt pickup and delivery service.

here is the hearing aid everyone is talking about...
