Fiorio of Washington, D.C., editor of the Italian-Language magazine Missili & Razzi.

Florio addressed an audience most of whose members were, one way or another, involved in military programs for the exploitation space. He told them, in effect, that they might as well get ready to turn in their soldier suits for my allies battle the Bahutus.

The editor said that immediat space demands in both the U.S. and U.S.S.R. call for rockets many times more powerful than mili-tary missiles. The money for these vote on their freedom.

The Westerner, with his tradi-tion of an ordered society, finds such jungle violence hard to betification for these space explora- lieve. A Belgian army man extion rockets, Florio said, the na-tions will have to give up some military programs "to stay in the kinds of condition — order and

disorder. But here in Africa you space competition."
