The feeling of the approaching
Christmas season is already
generating a lot of excitement.

ating, as well as visiting and partying. In the midst of all this bustle, we want to drop a gentle reminder: don't forget to have the family 'best' in the way of clothes put right for the festive occasions ahead. It can be pretty alarming on the night of a party to take out your best cocktail dress or gown and find you forget to have it cleaned and pressed. And Dad can be forgetful about that drink that was spilled on his best blue suit. So check over those better dresses and suits now, before its too late.

and suits now, before its too late.
Incidentally, here's a thought for husbands buying gift elothing for their wives: be careful in buying blouses, sweaters or other garments with a lot of tricky ornaments or fancy novelty fabrics that are tough to clean. Be sure to ask the salesgirl pointed questions about cleaning, so you'll avoid getting a pretty thing that won't be much use after one wearing!
So look ahead . . . there aren t many cleaning days before Christmas. Better call us now for quick service on your best suits or dresses. We pickup and deliver. Look to your clothes—others do!

REMEMBER Inspect

The garment after wear-ing—If it is too solled for the next wearing, it is too soiled to hang back in the closet!
