

Expect Nikita To Pay Visit Through Africa Next Year

By PHIL NEWSOM
UPI Staff Writer
From the foreign editor's notebook:

NEXT STOP AFRICA

Expect Russia's Khrushchev to pay a visit to Africa next year, perhaps even before an East-West summit meeting of President Eisenhower's tour of uncommitted Asian nations is making a real impact on the Communist world. Britain's Prime Minister Harold Macmillan is going to Africa in January. Khrushchev is likely to try to counter these allied moves. He already has been invited to Guinea and may stop over in Liberia for the presidential inauguration there.

Russia Believes Its Sub Forces Could Hold West

LONDON (UPI) — Russia apparently believes its unmatched submarine force could cut the Atlantic lifeline between Britain and the United States in any new war, it was reported today.

The 1960 edition of Jane's Fighting Ships, the standard world naval reference, says the Russians seem to be confident they can prevent the Anglo-American navies from gaining control of the vital waters near Europe and Asia.

Their fleet of 500 submarines—including guided missile and atomic-powered underwater craft—could, in the Russian view, "wreak great havoc" on the 25 million tons of American and 20 million tons of British shipping, Jane's said.

THE REDS ARE GREEN

Western diplomats believe Red China is jealous of Russia's stepped up aid to needy countries outside the Communist bloc. The Soviet Union has contributed substantially to the Peiping economy over the past few years but the hungry giant wants more. According to the reports, Red China is particularly upset at the money Russia is pouring into the United Arab Republic to help build the Aswan high dam. To all appearances, the Russians are ignoring Peiping's gripes.

SUMMIT AILMENTS

The Western summit meeting in Paris next week may be somewhat of a flop. Because of inability to agree on joint policy at lower levels, allied preparations have broken down. All that's now expected to be decided is a date.

grounds it might be the first step toward diplomatic recognition. But this high official feels that American newsmen in Peiping might make Americans in general more aware of the oppressive nature of the Peiping regime and thus more sympathetic to Chiang Kai-shek.
