HOROSCOPES by Stella Wilder

TUESDAY, JULY 17, 2018
YOUR BIRTHDAY by Stella Wilder
 Born today, you are likely to be remembered for one accomplishment that, above all others, attracts attention and propels you to the top of the heap in your chosen profession. It's that one thing that will enable you to stake your claim to greatness, and that will mark your time on earth as well-spent. You attack every endeavor with confidence and enthusiasm: if it's worth doing, it's worth doing well -- and anything worth doing is, to you, something that enables you to better yourself in some way. You are holistic in your approach to life, and you believe that each of your various components depends on every other one, and that you must be an integrated whole.

WEDNESDAY, JULY 18
CANCER (June 21-July 22) -- That sense that you can do no wrong is misleading, and it threatens to make you vulnerable to a situation from which you cannot escape.

LEO (July 23-Aug. 22) -- You are eager to prove that the "establishment" need not be the status quo any longer. You can do your best, and that will be recognized.

VIRGO (Aug. 23-Sept. 22) -- You may be unusually self-indulgent today. Keep your feet on the ground and remember that you can indeed have too much of a good thing.

LIBRA (Sept. 23-Oct. 22) -- You're expecting things to heat up between yourself and someone you've only recently met -- but you may be misinterpreting what is going on.

SCORPIO (Oct. 23-Nov. 21) -- You'll have the chance to channel complex emotions into an endeavor that might not otherwise take shape. You can stay on an even keel.

SAGITTARIUS (Nov. 22-Dec. 21) -- Things may be harder for you now -- or very soon -- than you are willing to let on. A friend knows the truth and is ready to help.

CAPRICORN (Dec. 22-Jan. 19) -- The plans you are making are sure to affect those around you, so you'll want to include them as you set things in motion.

AQUARIUS (Jan. 20-Feb. 18) -- You needn't make a change that will upset the apple cart -- but even a small adjustment on your part can do you a world of good.

PISCES (Feb. 19-March 20) -- You are suspicious of someone who is not telling you all he or she knows. What's at play here, and what does it mean for your future plans?

ARIES (March 21-April 19) -- You can run with an idea and do something that is likely to be remembered for quite some time. Instincts and training go well together today.

TAURUS (April 20-May 20) -- You don't want to confuse any of the key issues today, so be sure to speak only when you know what you want to say. Your contributions count!

GEMINI (May 21-June 20) -- You can take a very traditional notion, turn it on its ear and come up with a new idea today that wins you a great deal of admiration.
