HOROSCOPES by Stella Wilder

SATURDAY, JULY 21, 2018
YOUR BIRTHDAY by Stella Wilder
 Born today, you are not the kind to lean too heavily on the past, nor are you likely to make the mistake of assuming anything about the future. You focus on the present, giving it meaning through connection with what has gone before, and using it as a springboard to progress. You will certainly go through some hard times, as everyone does, but you must always remember that avoidance is no therapy, and to run from your troubles is to pile them on in a way that is almost impossible to sort out. You must always deal with what comes in a straightforward manner.
SUNDAY, JULY 22
CANCER (June 21-July 22) -- You have every reason to think that things will go your way, but you'll want to take out a certain "insurance policy" to guarantee success.
LEO (July 23-Aug. 22) -- You'll receive a boost from someone who doesn't want to be revealed just yet. You don't want to forget that someone did you a big favor!

VIRGO (Aug. 23-Sept. 22) -- Giving something to someone else doesn't mean that you're giving up something that you need right now. This is what is commonly called a "wash!"
LIBRA (Sept. 23-Oct. 22) -- You've set some important goals for yourself, it's true -- but today you must do more than plan. It's time to get moving in the right direction.
SCORPIO (Oct. 23-Nov. 21) -- You have the chance to do something that will shed light on a rather mysterious situation. Others may wonder just how you're connected.
SAGITTARIUS (Nov. 22-Dec. 21) -- You're eager to explore a new environment that you think could be quite conducive to future good work. Change can do you good!
CAPRICORN (Dec. 22-Jan. 19) -- Chances are quite good that you'll find yourself exactly where you had hoped you would be by day's end. Few will try to deny you anything.
AQUARIUS (Jan. 20-Feb. 18) -- You can delight a family member by doing something long hoped for but not expected. By day's end, all will appreciate your continued efforts.
PISCES (Feb. 19-March 20) -- You've been highly critical of your situation of late, but there's really no reason to think things won't soon be looking up.
ARIES (March 21-April 19) -- You can complete the work assigned to you very quickly today -- but you must take care that you don't overlook one rather tricky detail.
TAURUS (April 20-May 20) -- You are not taking something seriously that, very soon, may be transformed into something quite important -- at least to you.
GEMINI (May 21-June 20) -- You can pack a lot of meaning into very few words today. Whether you speak it out loud or put it in writing, others will listen!

SUNDAY, JULY 22, 2018
YOUR BIRTHDAY by Stella Wilder
 Born today, you are precisely the kind of person others trust -- and in some instances you are the person they want to be! Indeed, you have so much going for you that it is almost impossible for another person to meet you and not recognize something that is worthy of praise. You know a great deal, but you are not just book-smart; you have been endowed with common sense and street smarts, which keep you in good stead. Even in the most unexpected situations, you seem to be able to hold your own because of an innate wisdom that serves you so well.
MONDAY, JULY 23
LEO (July 23-Aug. 22) -- Think about where your money is coming from, and where it is going. You have some work to do before you can settle into a comfortable routine.
VIRGO (Aug. 23-Sept. 22) -- You may discover something that has you thinking about things in a whole new way today -- especially when it comes to integrating work and play.
LIBRA (Sept. 23-Oct. 22) -- You may spend much of the day playing catch-up -- but it's not because of anything you've done wrong. You have the time, so why not use it?
SCORPIO (Oct. 23-Nov. 21) -- Your priorities are clear, but they may not be in sync with those promoted by a friend or co-worker. A conflict of interest may be unavoidable.
SAGITTARIUS (Nov. 22-Dec. 21) -- Give a thought to how your behavior has been affecting someone quite different from yourself. Now is a good time to offer soothing words.
CAPRICORN (Dec. 22-Jan. 19) -- You can give yourself what you want, but you may not know what that is, and that's a fine state of affairs! Avoid spinning your wheels.
AQUARIUS (Jan. 20-Feb. 18) -- You can find humor in the most unusual of situations today. Others may not share your lighthearted attitude, but no conflict should arise.
PISCES (Feb. 19-March 20) -- Are you doubting yourself again? Listen to what someone else has to say and reflect on the reasons praise is being heaped on you right now.
ARIES (March 21-April 19) -- Some would say that "everything is relative," but you know that there are some absolutes that you alone must deal with today.
TAURUS (April 20-May 20) -- You're not ready for something that is being forced on you at this time. You are capable of learning quickly -- and you must do so!
GEMINI (May 21-June 20) -- A long-term involvement is likely to change today -- or, perhaps, come to an abrupt end. This is a good thing, but you may still feel blue.
CANCER (June 21-July 22) -- It's important that you get in touch with what is really going on beneath the surface today. You have been misinterpreting certain signals.
