YOUR BIRTHDAY by Stella Wilder  
Born today, you are one of the most capable individuals born under your sign. Once you set your sights on something, it's not likely to elude you for long, and you will do whatever you have to do to bag your quarry. Even from an early age, you will have a mature mindset; as you develop, it will become only more keen -- giving you an advantage over those for whom progress is a kind of whimsical "playtime." Success, for you, is a serious business -- though you can surely have a great deal of fun while you are chasing down your destiny. You firmly believe that the harder you work, the more fun you will have.

WEDNESDAY, SEPTEMBER 26  
LIBRA (Sept. 23-Oct. 22) -- If you're in charge, you can bet it's going to come out all right today -- and, in fact, may far exceed your expectations.  
SCORPIO (Oct. 23-Nov. 21) -- You don't want to be dealing with an issue piecemeal today; get the whole thing presented to you as one and have at it aggressively!

SAGITTARIUS (Nov. 22-Dec. 21) -- Now is a good time for you to address a domestic issue that has been waiting in the shadows for some time. It's not likely to wait long!

CAPRICORN (Dec. 22-Jan. 19) -- This is a good day for addressing issues revolving around your environment -- and how it may need to change to suit your developing needs.

AQUARIUS (Jan. 20-Feb. 18) -- Someone else's promises may be putting you and a project in a precarious place. You can make a good call -- and let others know what's what.

PISCES (Feb. 19-March 20) -- You may find yourself teaching someone who, on most days, is in the teaching role. This reversal can be very good for both of you.

ARIES (March 21-April 19) -- You can learn much about yourself while reaching out to another to learn as much as you can about his or her situation. Always remain open.

TAURUS (April 20-May 20) -- Your desires are likely to conflict with those of a friend who has been eager to take you down a certain unfamiliar path. Red flags are raised.

GEMINI (May 21-June 20) -- What goes on behind the scenes today is likely to be far more important to the day's final outcome than anything in the spotlight.

CANCER (June 21-July 22) -- You're eager to get going on something just handed to you -- but first you must do a little research to ensure you have all the tools you need.

LEO (July 23-Aug. 22) -- You must keep your reactions to another under control today, lest you say or do something that is too easily be misinterpreted. Keep calm!

VIRGO (Aug. 23-Sept. 22) -- You may go into a meeting feeling somewhat fearful of the outcome, but you are quickly put at ease by someone who is also in your shoes.
