## HOROSCOPES by Stella Wilder

SATURDAY, OCTOBER 6, 2018

**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you have a knack for coming from behind and claiming victory at the last moment, surprising everyone who made the unwarranted assumption that you were out of the running and not a factor in the race. This is your pattern in all endeavors, and it is one that gives you a tremendous advantage -- and woe betide anyone who underestimates you in any way! You have tremendous talents, and the self-knowledge that comes from paying attention to how you are affected by the world in which you live. This is a rich and rewarding combination, and you are not likely to find yourself taking a wrong turn in life -- especially when a relationship, or your professional success, is on the line. You employ creativity and a great deal of patience when working your way out of difficult situations.

**SUNDAY, OCTOBER 7**  
**LIBRA (Sept. 23-Oct. 22)** -- Two distinct choices present themselves to you today; which you choose depends in large part upon your state of mind at the time.

**SCORPIO (Oct. 23-Nov. 21)** -- You may opt to do something today that takes you by surprise, as it gives you more pleasure than you may have expected.  
**SAGITTARIUS (Nov. 22-Dec. 21)** -- Affordability is a major concern today -- but not the only one. You must also determine if you have room to acquire more stuff.  
**CAPRICORN (Dec. 22-Jan. 19)** -- You mustn't feel guilty for doing what is necessary today. It may not be preferred, but there is certainly no getting around it.  
**AQUARIUS (Jan. 20-Feb. 18)** -- You can provide a great deal of assurance to someone who has been doubtful about his or her chances when engaged in a certain endeavor.  
**PISCES (Feb. 19-March 20)** -- A friend shares a new experience with you, and you may conclude that something is needed to break the cycle of routine in your life.  
**ARIES (March 21-April 19)** -- You're likely to be given a rare opportunity to do something that allows you to test your limits.

**TAURUS (April 20-May 20)** -- You may ask yourself again and again why you did a certain thing the way you did -- but a close examination proves you had no other option.  
**GEMINI (May 21-June 20)** -- You are limited only by your imagination today; if you can think it, you can do it. A rival makes an offer that is worth considering.  
**CANCER (June 21-July 22)** -- You may be flooded with ideas that you fear can go nowhere, when you are more interested in one that promises at least modest gains.  
**LEO (July 23-Aug. 22)** -- Now is the time for you to stand up and share your opinions about a certain topic in no uncertain terms. Your audience is waiting!  
**VIRGO (Aug. 23-Sept. 22)** -- You have a clear view of what lies ahead, and yet you may be unable to decipher the true meaning of what you see. Get a friend's input -- now.

**SUNDAY, OCTOBER 7, 2018**

**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you may always be considered an up-and-comer, despite any past success you have enjoyed, simply because it is never certain what you will be doing next to stake your claim to fortune. You are capable of so many things that just when you have made your name at one thing, you are likely to turn about and do something else entirely different -- but no less successfully. You enjoy surprising your supporters and your critics alike; some may fault you for being unable to stick with something for very long, but you prefer to think of it as taking advantage of all of the opportunities presented to you.  
**MONDAY, OCTOBER 8**  
**LIBRA (Sept. 23-Oct. 22)** -- You've been tasked with overseeing a certain project, but you don't fully know the scope of your authority. You know where to get the answer.  
**SCORPIO (Oct. 23-Nov. 21)** -- A portion of your work can be done on your time and in a manner that suits your current mood.

Some, however, must follow given parameters.  
**SAGITTARIUS (Nov. 22-Dec. 21)** -- You are likely to find yourself drifting between two points that are clearly exerting an as-yet unknown influence on you.  
**CAPRICORN (Dec. 22-Jan. 19)** -- Remembering what you were told long ago by a trusted friend or mentor, you can speed up your efforts and secure a lasting victory.  
**AQUARIUS (Jan. 20-Feb. 18)** -- One promise is kept while another is broken today. You must be willing to talk about why this happened -- and what it means for the future.  
**PISCES (Feb. 19-March 20)** -- You may be too much "in your head" for your own good at this time. You must be willing to step out of your comfort zone for a while.  
**ARIES (March 21-April 19)** -- Others are gravitating toward you at this time, and though their reasons may be quite similar, you are not sure you know what they are.  
**TAURUS (April 20-May 20)** -- You may be

running out of something that is a key ingredient of your recent success. Take the time to restock -- or you'll have to change course.  
**GEMINI (May 21-June 20)** -- You may be upended by something that happens entirely without your knowledge today. Looking back, you'll see how that could happen.  
**CANCER (June 21-July 22)** -- You may be thinking a little too much about the past and not enough about the future. You should be able to sharpen your focus today.  
**LEO (July 23-Aug. 22)** -- You must be more efficient in your self-expression today. Others are willing to listen, but not if you take up too much of their time.  
**VIRGO (Aug. 23-Sept. 22)** -- You may be coming to the end of a project today. You'll have time to wrap things up nicely and set your sights on something new.
