HOROSCOPES by Stella Wilder

TUESDAY, OCTOBER 23, 2018
YOUR BIRTHDAY by Stella Wilder
 Born today, you are inspirational, innovative and always willing to try something new, even if you aren't certain that it will win you the results that you are after. The fact is that as long as you are learning, you are happy with the progress of things. You know how to use the knowledge that you acquire in new and interesting ways; you may use math in art, or language in sport, or spirituality in cooking. There are few barriers in life as far as you are concerned -- and you are known for breaking down what few you do recognize. Anyone who follows you must be prepared to go to some unusual places -- literally and figuratively.
WEDNESDAY, OCTOBER 24
SCORPIO (Oct. 23-Nov. 21) -- You may feel, when this day is done, that you've not had a moment to yourself. There will be time after dark for introspection.
SAGITTARIUS (Nov. 22-Dec. 21) -- What you see and what you get are two very

different things today, and events may well pull you in two directions at once. Be prepared.
CAPRICORN (Dec. 22-Jan. 19) -- Your routine is likely to be broken up today by someone who comes to you with a report of something quite unexpected. Work together!
AQUARIUS (Jan. 20-Feb. 18) -- You can formulate a plan that takes your rivals very much by surprise. You can make changes very swiftly that leave them in your dust.
PISCES (Feb. 19-March 20) -- It's time to surround yourself only with those who will support you in all that you think, say and do. You want no criticism!
ARIES (March 21-April 19) -- You don't want anyone to cramp your style today, so be sure to make it known just what you will put up with and what you won't.
TAURUS (April 20-May 20) -- You'll have the opportunity to share a dream with someone who may actually be able to help you make it come true -- given enough time, of course.

GEMINI (May 21-June 20) -- You'll be able to enjoy even the most routine of endeavors today. There's something about your attitude that invites others into your orbit.
CANCER (June 21-July 22) -- You will want to accompany someone on a journey of discovery today; you're confident that both of you will learn much about yourselves.
LEO (July 23-Aug. 22) -- Tracking another's movements today need not be seen as anything sinister. You simply want to know whether he or she is near or far.
VIRGO (Aug. 23-Sept. 22) -- A wrong turn results in more than a delay today. You'll have something very big to report when you get home. Some may not believe your story.
LIBRA (Sept. 23-Oct. 22) -- You can share a new capability with someone who has been doubtful about your potential in the past. He or she becomes a new convert!
