**HOROSCOPES** by Stella Wilder

SATURDAY, NOVEMBER 3, 2018  
**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you are always on the lookout for that one opportunity that will give you what you most want in life - but the catch is, of course, that you don't really know what that is! You will pursue all manner of dreams, only to find that the one you have captured doesn't really do the trick, and you are off again on the next journey of discovery. You may travel extensively during your lifetime, exploring all this world and its diverse and fascinating people have to offer you. You will never stop short when you feel yourself engaged with an endeavor -- or with other people -- on a deep level. Indeed, such involvement is what life is all about.

you are able to do make things turn out right. A rival has other ideas, however.  
**CAPRICORN (Dec. 22-Jan. 19)** -- You can expect things to change in ways both subtle and dramatic today; your reaction will determine the future of a certain project.  
**AQUARIUS (Jan. 20-Feb. 18)** -- You're eager to follow someone through new territory today -- literally or figuratively. You can assign meaning to all experiences.  
**PISCES (Feb. 19-March 20)** -- You're likely to collect many new disciples today, as you promote a way of thinking that catches on quickly. Be honest, by all means!  
**ARIES (March 21-April 19)** -- You want others to deal with you as you deal with them -- honestly and in a simple, straightforward manner. You're in no mood for games.  
**TAURUS (April 20-May 20)** -- You are many steps ahead of the competition today -- and you'll want to keep it that way! Don't do anything to upset the status quo.  
**GEMINI (May 21-June 20)** -- You may have to be up and at it far earlier than usual

today. If so, you know how to manage your own energy to maximize results along the way.  
**CANCER (June 21-July 22)** -- You're in no mood for something newfangled today; you are perfectly content with old-fashioned methods that give you confidence.  
**LEO (July 23-Aug. 22)** -- You can combine the new and the old in a creative way today. Others are willing to do what you're doing -- but they won't do it quite so well.  
**VIRGO (Aug. 23-Sept. 22)** -- Heed warnings received from unusual sources today. Take care that you don't leave anyone out to dry as you maneuver to avoid danger.  
**LIBRA (Sept. 23-Oct. 22)** -- Cancellations and postponements shouldn't be necessary today, provided you have accounted for all anticipated interruptions.

**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you are one of the most energetic individuals born under your sign, and you have been endowed with the ability to stick with something through thick and thin. You are always confident that when you have committed yourself to an endeavor that it will pay off for you somehow! You are perfectly happy to walk away from something with only the knowledge and experience it afforded you. Indeed, you are often after something that is not at all tangible, something that cannot be counted or measured; what you want, in fact, is a kind of inner peace that can only come from pursuing what is important to you.  
**MONDAY, NOVEMBER 5**  
**SCORPIO (Oct. 23-Nov. 21)** -- You're ready to make someone an offer that you know will be quite a surprise. You must be ready to wait for a response.  
**SAGITTARIUS (Nov. 22-Dec. 21)** -- You feel that you cannot count on everyone to give you what you need today. Stick to those

few whom you know best and who know you.  
**CAPRICORN (Dec. 22-Jan. 19)** -- You can pick up the pace today and do much more than anyone might expect. Don't take credit for something that was not your doing, however.  
**AQUARIUS (Jan. 20-Feb. 18)** -- Any attempt at deception is only likely to come back to haunt you -- if not today, then tomorrow or the day after. Do all things aboveboard.  
**PISCES (Feb. 19-March 20)** -- You may be able to get something done in record time today. Take care, however! Others may want you to repeat this amazing feat.  
**ARIES (March 21-April 19)** -- Are you ready to do what you know you have to do but are afraid to do? You have all your nets in place and can avoid any real danger.  
**TAURUS (April 20-May 20)** -- You may have to break things down into very small components today in order to understand everything when the big picture is reassembled.  
**GEMINI (May 21-June 20)** -- You don't

want to stray too far from your comfort zone today. Any errors you make may be magnified several times and prove difficult to correct.  
**CANCER (June 21-July 22)** -- You're surrounded by people who are willing to give you all the assistance you need. All you have to do is ask -- and be specific!  
**LEO (July 23-Aug. 22)** -- Why are you apologizing for something that has little or nothing to do with you? Get out of the habit of taking all the responsibility!  
**VIRGO (Aug. 23-Sept. 22)** -- You may find yourself in an unusual situation that requires you to act in a way that doesn't come at all naturally. This shouldn't last long.  
**LIBRA (Sept. 23-Oct. 22)** -- You may be inspired by someone who is making the best out of very little. You too can be successful today when the odds are against you.
