### YOUR BIRTHDAY by Stella Wilder

Born today, you are sometimes more secretive than you have to be, and this can result in isolation for you more often than not. This is unnecessary, of course, but it is the way you prefer to live. Others will know only those things you choose to share with them. Despite being intensely private, you can also be the life of the party -- in part because in social situations you are able to let go of those things that trouble you and "cut loose," as the saying goes. Even then, however, you keep something to yourself; those who know you only a little may suspect that you have secrets, and those who know you well are certain of it.

### TUESDAY, NOVEMBER 6

**SCORPIO** (Oct. 23-Nov. 21) -- You can combine the new and the old today in a way that has not been tried before. This could well mark an exciting new beginning for you.

### SAGITTARIUS

(Nov. 22-Dec. 21) -- You may feel the pressure that someone is exert-

ing today more than you have in the recent past. It's time to do something about it.

**CAPRICORN** (Dec. 22-Jan. 19) -- You mustn't rely on anyone else to pull you back from the edge today; only you are likely to have that kind of control -- and sense!

**AQUARIUS** (Jan. 20-Feb. 18) -- Your surroundings are likely to provide you with a great deal of inspiration today. Look around and see all that is possible.

**PISCES** (Feb. 19-March 20) -- Something you've been trying hard to keep under wraps may be revealed today -- much to your surprise. Your reaction will be noted.

**ARIES** (March 21-April 19) -- You may have to strike a secret bargain with someone behind closed doors today. The results will be a clear benefit for you and your team.

**TAURUS** (April 20-May 20) -- You're eager to give something new a try today -- but take care that you're not merely following someone else down a dangerous road.

**GEMINI** (May 21-June 20) -- Someone

you know may be playing with fire, and you're the only one in a position to douse the flames if things get out of hand. Be ready.

**CANCER** (June 21-July 22) -- You recognize things as they are, but you don't really know quite how to react when last-minute developments make themselves known.

**LEO** (July 23-Aug. 22) -- You may be trying to do more than one person can reasonably accomplish -- but you are confident that you can avoid any real dangers.

**VIRGO** (Aug. 23-Sept. 22) -- You may encounter someone who seems to know something you don't. This mystery can be solved by being open and honest; communication is key.

**LIBRA** (Sept. 23-Oct. 22) -- You are set in your ways, surely, but today you may want to break out of a certain routine and try something others would call "daring."
