HOROSCOPES by Stella Wilder

YOUR BIRTHDAY by Stella Wilder
Born today, you have tremendous creative energy and the will to pursue your dreams. What you must do, however, is work hard to ensure that your abilities are up to the tasks that you set for yourself; you don't want to have your heart set on some lofty goal that you are simply unable to reach because you haven't developed your talents to their fullest. When well-armed with skills that are razor-sharp, you can face almost any obstacle and overcome it - if not with ease, then certainly with confidence. Your path to success may not be straight, but reaching your destination is all but a foregone conclusion - provided you work at it!
WEDNESDAY, NOVEMBER 14
SCORPIO (Oct. 23-Nov. 21) -- You are eager to set things in a way that proves stable and lasting -- but you still need some info before making any permanent decisions.
SAGITTARIUS (Nov. 22-Dec. 21) -- You

are eager to fix a problem that seems insoluble -- but you know that if you approach it from the right angle, anything is possible.
CAPRICORN (Dec. 22-Jan. 19) -- A recent discovery has you excited about what lies ahead, and today's activities will make a big difference as you finalize your plans.
AQUARIUS (Jan. 20-Feb. 18) -- You are in a period of flux right now, and others may be confused when you express views that seem to be in conflict with each other.
PISCES (Feb. 19-March 20) -- How you do what you do is more important than anything else today. You can combine both style and substance in a very effective way.
ARIES (March 21-April 19) -- You will surely benefit today from an unusual attitude -- one born of a different perspective that serves you well again and again.
TAURUS (April 20-May 20) -- Others are eager to learn what you know, but you aren't likely to share very openly today. You have good reason to protect yourself right now.

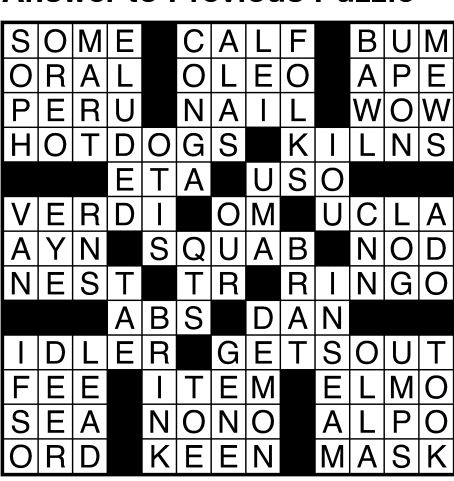

GEMINI (May 21-June 20) -- You have only so much time in which to do what you must do, and only so much space at your disposal to spread out and get the work done.
CANCER (June 21-July 22) -- Subtlety is not your forte, and today it's likely to fail you altogether. Don't fret! Your own rather outrageous style serves you well!
LEO (July 23-Aug. 22) -- Things should fall together nicely today, and the more organized the plan the more likely you will get everything done on schedule.
VIRGO (Aug. 23-Sept. 22) -- The view from where you sit is quite nice indeed -- or it can be, once you clear away distractions. It's time to look for what lies ahead.
LIBRA (Sept. 23-Oct. 22) -- You have been ill-equipped in the past to do what others have said must be done, but today you are likely to be quite capable.
