YOUR BIRTHDAY by Stella Wilder
Born today, you are better equipped than most to concoct a vision, formulate a plan for realizing that vision and doing the work necessary to see that realization take shape before your very eyes.

GEMINI (May 21-June 20) -- A situation you helped create is likely not for you any longer. You're going to have to make a clean break tomorrow, if not today.

LEO (July 23-Aug. 22) -- You can score points with someone who has been rather distant lately. A good friend poses something of a threat -- but this won't last.
