HOROSCOPES

by Stella Wilder

TUESDAY, NOVEMBER 20, 2018
YOUR BIRTHDAY by Stella Wilder

Born today, you are someone who seems to navigate the world with relative ease; whether you are dealing with an opportunity or a setback, you can be counted on to see things in a way that is forward-thinking and capable. No matter what you may do, there is someone who will label you a "natural," and it often seems as though you were born to do whatever task you undertake. You always seem to be very neatly in stride, and it is a rare moment when you are surprised by one of life's unexpected events or episodes. You have a knack for seeing what's coming and for devising a plan to deal with it effectively.

WEDNESDAY, NOVEMBER 21
SCORPIO (Oct. 23-Nov. 21) -- You may have to be extra diligent today as you keep others on schedule. Once the wheels are turning consistently, you can relax a bit.

SAGITTARIUS (Nov. 22-Dec. 21) -- Your thinking may be more shallow than usual today as you consider the reasons behind

someone else's behavior. What's really going on?

CAPRICORN (Dec. 22-Jan. 19) -- Others are expecting you to come up with a proposal that can sell an idea to someone in a position to support it. Think in realistic terms.

AQUARIUS (Jan. 20-Feb. 18) -- The fact that you need support at this time may irritate you, but you'll know how to ask for it better than anyone else. Don't hesitate.

PISCES (Feb. 19-March 20) -- A game of hide-and-seek puts you in a vulnerable position for a time -- but you did this to yourself! You can get out of it by day's end.

ARIES (March 21-April 19) -- You may not be a ray of sunshine early in the morning, but you can still do what is required of you in a manner that wins much praise.

TAURUS (April 20-May 20) -- Your stubbornness may put you behind the eight ball today -- but even from that difficult position you can do what is required of you.

GEMINI (May 21-June 20) -- Your expectations may not be wholly realistic right now,

but that can actually serve you well as you envision something totally new for yourself.

CANCER (June 21-July 22) -- Others are depending on you today, and you must not fail them. Once you wrap your head around a certain key concept, progress can be made swiftly.

LEO (July 23-Aug. 22) -- You're interested in many things, each of which could possibly take up all of your time. Like it or not, you're going to have to choose.

VIRGO (Aug. 23-Sept. 22) -- You're not likely to get a lot of thanks for something that only you can do for those in need. Just doing it is reward in itself -- for now.

LIBRA (Sept. 23-Oct. 22) -- You may have to endure some discomfort today as you find yourself in a position that requires you to reveal more of yourself than usual.
