YOUR BIRTHDAY by Stella Wilder

Born today, you are likely to be quite attractive to others, but you must never let this become something that you rely on to make gains in your professional life. It is hard work that can give you all that you want in life, and you must never forget it! You are destined for a lucrative career, but in order to have it you must keep all aspects of your life in careful balance -- including love and relationships. You cannot sacrifice your heart to the hungry jaws of financial success. You must always weigh professional achievement against personal contentment, and if the scales are level, you are doing things right.

SATURDAY, DECEMBER 29
CAPRICORN (Dec. 22-Jan. 19) -- You are determined to come out on top today, but a rival has something to say about that, surely! You mustn't rely on any dirty tricks.

AQUARIUS (Jan. 20-Feb. 18) -- Remember, if it's not broken it doesn't need fixing -- and any dabbling on your part can only threaten to undo the good you recently did.

PISCES (Feb. 19-March 20) -- You can do a good turn for someone you hardly know, and in return you'll get something you didn't even know you needed or wanted.

ARIES (March 21-April 19) -- You're not about to change places with anyone else today; you like the way things are going, and more improvements are on the way.

TAURUS (April 20-May 20) -- You may come on a little too strong for some today, so why not back off just a bit? You can afford to take a more collaborative approach, surely.

GEMINI (May 21-June 20) -- You needn't be in charge necessarily, but you certainly want your ideas to be heard before it's too late to put them into action.

CANCER (June 21-July 22) -- How you behave in public today may be quite different from the way you choose to behave in private. You may have something to prove.

LEO (July 23-Aug. 22) -- The way you approach a tricky situation impresses those on the sidelines. You're likely to get support from an unexpected source as a result.

VIRGO (Aug. 23-Sept. 22) -- You've been more "hands off" than usual recently, and you can see a difference in the way others are doing their jobs. Is this a good thing?

LIBRA (Sept. 23-Oct. 22) -- A journey you thought you'd be taking alone proves more enjoyable with someone else along for the ride. You know your companion should be!

SCORPIO (Oct. 23-Nov. 21) -- You can use any down time to great advantage today. Don't make the mistake of thinking that stillness has no value; use your brain!

SAGITTARIUS (Nov. 22-Dec. 21) -- Someone may be trying to change your mind about something that is quite basic and fundamental to you. You're not about to budge!
