YOUR BIRTHDAY by Stella Wilder

Born today, you are a singularly creative individual with tremendous drive and vision and the ability to turn the mere shell of an idea into something three-dimensional and complex. You enjoy all manner of endeavors, from the private to the very public, from solo work to group efforts, from the sublime to the ridiculous. It's engagement and involvement that you are after, and as long as you feel you are being afforded the opportunity to express yourself and work to peak capacity, then you will be happy. You are not after notoriety, fame, fortune or praise; you are after something that comes only from doing a thing that feels right over the long haul. You are after an inner contentment that no one will ever be able to take from you -- and you may have it. SUNDAY, MAY 19

TAURUS (April 20-May 20) -- You may have to race against the clock today in order to finish something on time. It's important to be under budget as well.

GEMINI (May 21-June 20) -- A loved one is making greater demands on you right now than you are used to; juggling your responsibilities may prove complicated.

CANCER (June 21-July 22) -- You may be trying to interpret messages too much, rather than taking them as they come. Not everything has a hidden meaning.

LEO (July 23-Aug. 22) -- It'll prove essential for you to organize your thoughts before sharing your opinions about a situation that is fast becoming a major concern.

VIRGO (Aug. 23-Sept. 22) -- You can expect things to be more complex today than they were yesterday, and you must accept the fact that you are somewhat responsible for that.

LIBRA (Sept. 23-Oct. 22) -- You have been looking at a certain situation through a cloudy lens lately. Today you get a clearer view of things, and your attitude improves.

SCORPIO (Oct. 23-Nov. 21) -- You can do much to help a friend get across the finish line. Be creative, and don't let his or her initial

resistance affect your momentum.

SAGITTARIUS (Nov. 22-Dec. 21) -- You may be in need of a little more tenderness than usual today, and a loved one is likely to be right there by your side to give it to you.

CAPRICORN (Dec. 22-Jan. 19) -- You can come to the rescue of someone who has been caught in a difficult situation. You'll learn a thing or two in the process.

AQUARIUS (Jan. 20-Feb. 18) -- Someone is very eager to involve you in his or her affairs today. Take a close look at what's going on before committing one way or the other.

PISCES (Feb. 19-March 20) -- The things on your to-do list aren't going to wait much longer. You've been procrastinating just a bit, and that can't continue.

ARIES (March 21-April 19) -- You may be feeling a little like hired help at this time. Let those around you know that you want them to share in the daily routine.

YOUR BIRTHDAY by Stella Wilder

Born today, you are keen to know what's waiting for you around the corner, but you know better than to rush things, for by being hasty you may actually threaten the very progress that you so long for. You want to be the first to reach your destination, surely, but you know that to rush things is to endanger yourself and others. You must always keep firmly in mind the reasons why you are doing something -- or, sometimes more importantly, the reasons why you are not doing something else. You are a fine speaker, and it would behoove you to learn to listen as often and as well as you talk.

MONDAY, MAY 20

TAURUS (April 20-May 20) -- You can raise the level of debate among friends and co-workers today, particularly where primary ideas and proposed changes are concerned.

GEMINI (May 21-June 20) -- You know what is expected of you, but you are eager to branch out in a different direction. That may

have to wait a day or two at least.

CANCER (June 21-July 22) -- You are likely to hear from someone who imparts information that proves essential to the success you are after today. You can move forward.

LEO (July 23-Aug. 22) -- You must be willing to give way when someone better than you comes along. Who does the job is not important, it's the fact that it gets done.

VIRGO (Aug. 23-Sept. 22) -- You mustn't try to muscle things into shape today, but rather you will get far better results by letting them develop organically.

LIBRA (Sept. 23-Oct. 22) -- You mustn't make any decisions today that you cannot alter if and when circumstances change. Nothing is permanent at this time.

SCORPIO (Oct. 23-Nov. 21) -- You don't want to be in the lead all day long; let someone else move ahead and show everyone where to go -- and how to get there. Relax a bit!

SAGITTARIUS (Nov. 22-Dec. 21) -- You

can score a big success today after taking a risk and simply making things up as you go along. Not everything has to be planned out.

CAPRICORN (Dec. 22-Jan. 19) -- You can push yourself further today than you had ever expected, and someone else is sure to be impressed -- and offer you a job, perhaps.

AQUARIUS (Jan. 20-Feb. 18) -- You're eager to do what you know how to do, but today you may be held back by circumstances that require you to do what is necessary.

PISCES (Feb. 19-March 20) -- Whether or not you like it, you're going to have to face certain issues that are raised by someone who doesn't yet know you all that well.

ARIES (March 21-April 19) -- You can complete an important task ahead of schedule today. This leaves you plenty of time to deal with an important personal issue.
