YOUR BIRTHDAY by Stella Wilder

Born today, you are quite a go-getter, the kind to reach for the stars -- and grasp them tight and never let go. You are always one to do something yourself rather than take the risk of letting others make mistakes in your name. When the going gets tough, you step forward; you are willing and able to weather all manner of hardships -- provided, of course, there are very clear rewards waiting for you when all is said and done. You don't do anything just for the pleasure of doing it; you always want some kind of prize, be it recognition, praise or tangible rewards. And regardless of what anyone else thinks, you are always working for yourself. Your generosity knows very strict limits, and you're not likely to sacrifice much for others in your lifetime.

WEDNESDAY, JUNE 12

GEMINI (May 21-June 20) -- It's best to start at the beginning today, but you may not be able to do that. Wherever you start, you'll want to make a statement.

CANCER (June 21-July 22) -- Productivity is a main issue throughout the day. Yours is high, as expected, but you may have to push others to increase their output.

LEO (July 23-Aug. 22) -- Whether or not you work at home, you will want to maintain communications with those who are keeping the home fires burning today.

VIRGO (Aug. 23-Sept. 22) -- You're getting in the mood for some fun in the sun, but external forces may not be cooperating just yet. Still, you can make plans.

LIBRA (Sept. 23-Oct. 22) -- Nostalgia proves inspiring to you today, but you must guard against being drawn back so far into the past that you cannot see your own future.

SCORPIO (Oct. 23-Nov. 21) -- You may be facing certain situations today that you simply cannot combat. It's best to accept certain difficult realities and just move on.

SAGITTARIUS (Nov. 22-Dec. 21) -- If you're not willing to ask for help today, then you're not likely to get the help you need. With help you can achieve almost anything.

CAPRICORN (Dec. 22-Jan. 19) -- Certain trends have robbed you of your enthusiasm perhaps, but today you can get it back with the help of a certain special friend.

AQUARIUS (Jan. 20-Feb. 18) -- Any delays can be quite serious today; you'll want to watch the clock and be sure everything is done on time -- and under budget too.

PISCES (Feb. 19-March 20) -- You may be willing to do something quite unusual for someone you've only just met. The question is: Is this just a one-off?

ARIES (March 21-April 19) -- You can put something you've just learned to very good use today. Personal development reaches a new level at this time.

TAURUS (April 20-May 20) -- Despite how you feel about a certain someone, you're still going to have to insist that he or she follow the rules. They will keep you safe.
