HOROSCOPES by Stella Wilder

THURSDAY, JUNE 20, 2019

YOUR BIRTHDAY by Stella Wilder

Born today, you are a positive, light, lofty, dreamlike individual who inspires admiration at all times from all manner of other people. Despite this, however, you know full well that you are simply human, with plenty of foibles and faults to claim alongside all of your abilities and strengths of character. You are, indeed, a mixed bag -- but you combine the good and the bad in such equal measure that they are able to balance each other out, and you are able to present yourself in whatever light you choose.

FRIDAY, JUNE 21

CANCER (June 21-July 22) -- You enjoy remembering a past success, but you mustn't let that keep you from embarking on something new today. The odds are with you.

LEO (July 23-Aug. 22) -- You receive news today that allows you to put into place a missing puzzle piece -- and that, in turn, allows you to move forward confidently.

VIRGO (Aug. 23-Sept. 22) -- You have several skills that should come in very handy today -- if you choose to step out of your comfort zone and address a challenge.

LIBRA (Sept. 23-Oct. 22) -- You may be working harder to maintain contact with someone else than he or she is with you -- but your reason for doing so is far more compelling.

SCORPIO (Oct. 23-Nov. 21) -- You may feel that you are very far right now from where you intended to be. You can improve things by joining forces with a friend.

SAGITTARIUS (Nov. 22-Dec. 21) -- You've been considering someone's offer of cooperation, but you suspect the other party has an ulterior motive. Investigate.

CAPRICORN (Dec. 22-Jan. 19) -- A period of stillness and quiet is welcome to you today, but it's not likely to last long. You must be ready to swing into action.

AQUARIUS (Jan. 20-Feb. 18) -- The direct route to your destination may expose

you to certain dangers you're not ready to face. A roundabout approach is more advisable.

PISCES (Feb. 19-March 20) -- The more you can face a harsh reality today, the better prepared you will be for what comes tomorrow and the next day. Stand your ground.

ARIES (March 21-April 19) -- Why wait until tomorrow to complete something you begin today? Stay on the job, and don't be tempted to quit until success is yours.

TAURUS (April 20-May 20) -- Don't make the mistake of thinking that you can get something for nothing today. Everything is likely to cost you; can you afford it?

GEMINI (May 21-June 20) -- You'll want to go back over all you've done in recent days to be sure you haven't missed something that can slow your progress today.
