HOROSCOPES

YOUR BIRTHDAY by Stella Wilder
Born today, you are not "ordinary" in the common sense, for there is so much about you that makes you stand out from the crowd -- and those things are recognized almost immediately by anyone who meets you. You are keenly interested in all manner of unusual topics, and though you may not ever receive advanced formal education, you are sure to be well-rounded and to even boast some expertise in topics that others are simply not drawn to -- and that's because you are compelled to learn as much as you can, on your own, about the things that interest you. And those things can be quite unusual in the extreme.

THURSDAY, JUNE 27
CANCER (June 21-July 22) -- What you have in store can please a great many, but someone is likely to remain aloof and critical of your efforts. What's really going on here? **LEO (July 23-Aug. 22)** -- You'll want to go over your "moves" before you put them on display today. Get someone who is objective and honest to look at what you're doing.

VIRGO (Aug. 23-Sept. 22) -- You're not likely to uncover many unexpected options today, if any, so you must be prepared to choose from those you already know.

LIBRA (Sept. 23-Oct. 22) -- You have some more training to get under your belt before you're going to feel comfortable doing certain things, and it can start today.

SCORPIO (Oct. 23-Nov. 21) -- You can actually learn a great deal today from someone you've always tried to keep at arm's length. You have more in common than you know.

SAGITTARIUS (Nov. 22-Dec. 21) -- You are unusually determined at this time, and you can make great headway if you will dispense with some of your old-fashioned methods.

CAPRICORN (Dec. 22-Jan. 19) -- You know that you're here to stay, but you must convince someone in charge that you are worth the long-term investment. You can do it!

AQUARIUS (Jan. 20-Feb. 18) -- The memory of someone you worked with some time ago will see you through a rough patch today. He or she affected you in important ways.

PISCES (Feb. 19-March 20) -- You must take the time to weigh all your options. Today, if you are able to look in the mirror and make an honest assessment, all will be well.

ARIES (March 21-April 19) -- You're looking forward to doing something you've yet to announce. Using the element of surprise like this can serve you very well.

TAURUS (April 20-May 20) -- You may be confused by certain realities today, and if money is the matter, then you'll want to get some expert advice, surely.

GEMINI (May 21-June 20) -- Your confidence is on the rise, but you must take care that it doesn't make you overlook a very real hazard. Things can get dangerous.
