HOROSCOPES

YOUR BIRTHDAY by Stella Wilder

Born today, you are one of the most positive individuals born under your sign; you see everyone and everything in the best possible light, and your faith in your fellow human beings is deep. Of course, this may lead to disappointment now and then, when those around you cannot live up to your at times too lofty expectations -- but not only do you see the best in others, you are also quick to forgive transgressions and to restore the transgressors to your esteem.

SATURDAY, AUGUST 31

VIRGO (Aug. 23-Sept. 22) -- You may feel as though you've been through the wringer recently, but today you'll be back in fine form, doing what only you know how to do.

LIBRA (Sept. 23-Oct. 22) -- Use your resources wisely today, and don't simply throw all you have at any problem that arises. Conservation sets the tone for others, too.

SCORPIO (Oct. 23-Nov. 21) -- An earlier

start than usual ensures that you get where you're going by day's end. There may be unexpected stops you must make along the way.

SAGITTARIUS (Nov. 22-Dec. 21) -- Contact with someone who has been avoiding you lately isn't as uncomfortable as expected; you'll be the first to let bygones be bygones.

CAPRICORN (Dec. 22-Jan. 19) -- Share what you have with those around you, and you'll not come up short when you find yourself in need. What goes around comes around, surely.

AQUARIUS (Jan. 20-Feb. 18) -- The approach you take matters today; you mustn't just do whatever you wish and expect things to come out to your liking. Make a plan!

PISCES (Feb. 19-March 20) -- You may find that your ideas do not hold up as well to scrutiny as someone else's -- but this can be a good thing, as you review your methods.

ARIES (March 21-April 19) -- You can

learn much from someone who was learning from you only a short time ago. Only the best teachers learn from their students!

TAURUS (April 20-May 20) -- You may end up partnering today with someone you would have avoided only yesterday. The truth is that together you can overcome many obstacles.

GEMINI (May 21-June 20) -- It's important for you to work from a list today and tend to things in the proper order. A "willy-nilly" approach will not amount to much.

CANCER (June 21-July 22) -- Get together with someone younger and less experienced than you and you'll be able to revive your own enthusiasm for a certain endeavor.

LEO (July 23-Aug. 22) -- You'll want to focus on activities that yield results quickly; you're in no mood to wait for signs of progress! Others offer valid opinions.
