Summary of Real Estate Sales in
Union, Baker and Wallowa Counties

This summary lists how many new residential listings there were for each month, how many homes went pending (have an accepted offer but haven't closed), how many homes closed (sold), what the average sales price was, what the median sales price was, the average home total time on market (listed in days), and inventory (number of months it would take to sell off all current active listings based on current sales trends).

This information is simply a guide to help inform you of current market trends.

This information can help you determine whether it is a buyer's or seller's market and what you might expect when you buy or sell a home.

Please note that every home is different and to better understand this information you should contact a local Realtor.
