HOROSCOPES by Stella Wilder

SATURDAY, SEPTEMBER 14, 2019
YOUR BIRTHDAY by Stella Wilder
 Born today, you are destined to be a memorable and influential individual, the kind others look up to and even idolize, and one who will surely have an impact on many people -- though whether it will be positive or negative may be anyone's guess. You are something of a force of nature, and you are driven to accomplish more and more, and to stake your claim to an idea of "greatness" to which you alone subscribe.
SUNDAY, SEPTEMBER 15
VIRGO (Aug. 23-Sept. 22) -- You'll want to find out the reasons for someone's seemingly inexplicable behavior -- before you are tempted to follow suit. Play it safe.
LIBRA (Sept. 23-Oct. 22) -- You feel yourself nearing a major personal goal of such importance that you are almost afraid of what might happen if you fall short of the mark.
SCORPIO (Oct. 23-Nov. 21) -- The future

is calling you today, but you may be more interested in what happened yesterday than in what might happen tomorrow.
SAGITTARIUS (Nov. 22-Dec. 21) -- The more you learn of another's strategies and tactics, the better prepared you will be to maneuver when your turn comes. Watch and listen.
CAPRICORN (Dec. 22-Jan. 19) -- It's time to let others know what you're really up to after being somewhat secretive for quite a while. How will you begin?
AQUARIUS (Jan. 20-Feb. 18) -- You've been waiting eagerly for just the right moment to "announce" yourself in some way -- and now the time is fast approaching. Be ready.
PISCES (Feb. 19-March 20) -- Time may seem short, but you can get everything done with several minutes to spare today -- if you get an early start and maintain focus.
ARIES (March 21-April 19) -- Your per-

spective has been changing of late, and today you'll see things as if you've never seen them before. You can make a difference now!
TAURUS (April 20-May 20) -- Have you been doing what you can each and every day to be involved? The more you contribute, the more you'll enjoy the end result, surely.
GEMINI (May 21-June 20) -- Others may flock to you with questions since you've been rather vocal about your expertise. One thing, however, you do not know.
CANCER (June 21-July 22) -- You may be under pressure to do more than usual in less time than usual. This can be a dangerous state of affairs; take necessary precautions.
LEO (July 23-Aug. 22) -- You may realize that you're not quite ready to do something you've been eager to do -- but you can learn much today that "fills in the gaps."

SUNDAY, SEPTEMBER 15, 2019
YOUR BIRTHDAY by Stella Wilder
 Born today, you are one of those rare individuals who seems able to do whatever is asked of you, no matter how challenging it may be. Your belief in your own abilities is absolute, and your trust in those who know how to tell you what needs to be done is implicit. You are able to believe in anyone who displays knowledge and expertise, and you're quick to hitch your wagon to one who can take charge and lead others, and who has a track record of accomplishment.
MONDAY, SEPTEMBER 16
VIRGO (Aug. 23-Sept. 22) -- You have something exciting in store today for a friend or loved one. You may have to do some behind-the-scenes maneuvering to make it happen.
LIBRA (Sept. 23-Oct. 22) -- You'll be "on the prowl" for much of the day, though even those who know you best won't know what you're after. You're getting close!

SCORPIO (Oct. 23-Nov. 21) -- You're going to be working toward a certain goal for quite some time. Certain pieces fall into place today, and the big picture becomes clearer.
SAGITTARIUS (Nov. 22-Dec. 21) -- You're trying to get things "just right" today, but you must recognize when something is out of your control. Don't be overzealous.
CAPRICORN (Dec. 22-Jan. 19) -- The quality of your work in comparison to another's will certainly be noticed and stand out -- and you've built up quite a head of steam.
AQUARIUS (Jan. 20-Feb. 18) -- You are eager to see the results of your recent efforts, but today may not be the day for that. You can concentrate on some other things.
PISCES (Feb. 19-March 20) -- Others are pulled toward you today though you are eager to go off on your own in some ways. Everyone must negotiate a compromise perhaps.
ARIES (March 21-April 19) -- You're on the verge of something big, and once you

make a final decision about certain variables, you'll be off and running.
TAURUS (April 20-May 20) -- You enjoy what you are doing and why, but you're not sure that you'll enjoy what happens as a result. This is a strange state of affairs!
GEMINI (May 21-June 21) -- A warning comes, and a difficult situation passes -- so you'll be feeling confident and unsure at the same time perhaps. Get a second opinion.
CANCER (June 21-July 22) -- Your ability to collaborate will surely be appreciated by all those who come in contact with you today. Something very big is on the horizon.
LEO (July 23-Aug. 22) -- A current endeavor has you working very hard to avoid anything that might seem like a cliché. You want everything to be new and original.
