HOROSCOPES by Stella Wilder

WEDNESDAY, SEPTEMBER 25, 2019
YOUR BIRTHDAY by Stella Wilder

Born today, you are keenly interested in all that makes life better -- and that's not an altogether subjective assessment or categorization on your part, but rather a view of things that accepts a universal "good" that is worth pursuing. You believe in absolutes, and while others may try to convince you that nothing is as simple as black and white, you have experienced nothing in life to suggest that things are any more complicated than that -- and you live your life to prove it. This is not to suggest that you will never encounter complications in your lifetime.

THURSDAY, SEPTEMBER 26
LIBRA (Sept. 23-Oct. 22) -- You can be a little less "controlled" than you've been lately. Give someone a surprise during evening hours, and you'll both be rewarded.

SCORPIO (Oct. 23-Nov. 21) -- You may be able to enjoy a rather quiet day. This doesn't mean, however, that you can let your responsibilities slide; much planning can be done.

SAGITTARIUS (Nov. 22-Dec. 21) -- The more opinions you get from others, the better. You will want to set aside some time to go over all the various input you receive.

CAPRICORN (Dec. 22-Jan. 19) -- Your own vanity may be the one thing to get in your way today. If you can avoid looking at yourself in the mirror, all will be well!

AQUARIUS (Jan. 20-Feb. 18) -- You may be more than confident today -- and that can be a problem. Cockiness right now can only get you into hot water.

PISCES (Feb. 19-March 20) -- You mustn't let yourself be fooled by appearances. To get to the bottom of a key issue you're going to have to be more than observant.

ARIES (March 21-April 19) -- You seem to be putting in a lot of effort at this time, but the results aren't what you were expecting. A friend gives you some perspective.

TAURUS (April 20-May 20) -- Even a single mistake may be one too many today. Be careful, use your time wisely and don't assume that you know all you need to know.

GEMINI (May 21-June 20) -- You can avoid serious dangers today, even while you do that which others have pronounced risky. Your unique approach does the trick.

CANCER (June 21-July 22) -- You'll want to gather your forces and ensure that everyone is working toward the same goal right now. You can't afford a single wasted effort.

LEO (July 23-Aug. 22) -- You can be sure that others will be watching you. The more you try to stay out of the public eye, the more you'll be on display; don't fight it!

VIRGO (Aug. 23-Sept. 22) -- How you present a certain central idea makes all the difference today. Choose your words carefully, and review your work before submitting it.
