

# Paws & Claws

## Smallbatch Dog Lightly Cooked

Our same pristine Smallbatch ingredients, combined in a dog formula and gently cooked sous vide style. We place our classic batches in water baths, bringing the internal temperature up to 150 degrees for just 5 minutes. By gently cooking our batches this way, we're ensuring pasteurization, making it easier for delicate tummies. Optimal nutrition in a slider, ideal for sensitive systems.

Northwest Naturals

## Raw Meaty Bones

Raw meaty bones may be added to your pet's daily diet as a treat or a snack. Bones should always be given with supervision to ensure your pet does not consume the bone too quickly. These products are intended for supplemental feeding only. Our Beef is Grass-fed and sourced in the USA and is Antibiotic and Hormone Free. Natural source of protein, fat, and minerals.
