"Movie: Life, Animated"

"The Little Mermaid," "The Lion King" and other animated Disney movies help a young autistic man to develop reading, writing and communication skills in Roger Ross Williams' profoundly moving 2016 documentary. The film chronicles the inspirational story of Owen Suskind, who started life as a thriving infant but inexplicably went silent at age 3. He remained that way for years until Disney classics provided him with the tools to reconnect to the world around him.

"Movie: Sex, Guaranteed"

A man who has sworn off sex to win back his fiancée finds his vow tested when he meets a beautiful escort at a party in this 2017 comedy movie from co-directors Brad and Todd Barnes ("The Locksmith"). Grey Damon, Stephen Dorff, Bella Dayne and Dan Fogler head the cast.

"Movie: Luce"

Parents are forced into a reckoning when a teacher raises a red flag on their son, who they adopted from war-torn Eritrea, in this 2019 drama movie from director Julius Onah ("Don't Look Back"). Naomi Watts, Octavia Spencer and Tim Roth head a talented cast.
