

tonight’s best

Stephen Amell

9 p.m. on CW
Arrow

As the recent epic mega-crossover event “Crisis on Infinite Earths” underscored, executive producer Greg Berlanti and The CW have crafted a vibrant DC Comics-based fantasy universe of programming, but it all started eight seasons ago with “Arrow,” which — like its muscular title character (Stephen Amell) — provided the strong shoulders for the later shows. Former series regular Emily Bett Rickards returns as Felicity Smoak for the series finale “Fadeout,” tonight’s final adventure for Team Arrow.
