

GRANDE RONDE HOSPITAL & CLINICS

Big-City Medicine. Hometown Touch.

We understand navigating today's healthcare system can seem overwhelming. So we focus on the care. Everything we do has your best interests at heart. In addition to making sure you have access to innovative, yet affordable, quality care, we also believe in making it simple to get that care—with patient navigators, financial counselors, and delivery options from face-to-face to video chat. We want to care for you, so you and your family can focus on getting better ... and getting back to what YOU care about.
