Coyote Peterson

6 p.m. on ANP Coyote Peterson: Brave the Wild

In the Season 1 finale, "Phantom of the Outback," host Coyote Peterson looks for the most elusive creature of his Australian odyssey, the perentie. The largest monitor lizard in the world, this critter also is the fourth-largest living lizard on Earth, yet is almost never seen by humans because it's innately very shy. The fact that several desert Aboriginal tribes of Australia regard it as a popular dinner dish may also play a part in its reclusive nature.
