**HOROSCOPES** by Stella Wilder

TUESDAY, APRIL 21, 2020  
**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you tend to be rather solitary, and you are likely to be known for your natural reticence. You don't like small talk, rumor or innuendo; when you choose to communicate with others, whether for personal or professional reasons, you do so in a direct and businesslike manner and get to the point in no time at all. You are likely to surround yourself with a few loyal and loving friends and steer clear of those whom you suspect would do anything to further their agendas without respecting your own.

WEDNESDAY, APRIL 22  
**TAURUS (April 20-May 20)** -- You have many choices available to you today, but you may not be able to make any firm decisions before receiving additional information.  
**GEMINI (May 21-June 20)** -- Distractions are unavoidable today, but you can still get plenty of work done simply by keeping to

yourself during the busiest part of the day.  
**CANCER (June 21-July 22)** -- You may not be able to assess someone's true intentions today, but you can certainly deal with the effects of his or her actions.  
**LEO (July 23-Aug. 22)** -- A game of hide-and-seek results in much more than you may have bargained for, as something valuable is gained while something else is lost.  
**VIRGO (Aug. 23-Sept. 22)** -- You must not lose sight of your primary purpose today. Everything you do must be designed to get you closer to an important personal goal.  
**LIBRA (Sept. 23-Oct. 22)** -- Despite your best efforts recently, you may only have scratched the surface of another's facade. Beware -- he or she can still fool you!  
**SCORPIO (Oct. 23-Nov. 21)** -- Your originality will be noted and appreciated throughout the day by those who are relying on you for inspiration. Fatigue sets in early.  
**SAGITTARIUS (Nov. 22-Dec. 21)** --

Those around you still enjoy all you do, but you are growing tired of doing the same old things again and again. Try something new!  
**CAPRICORN (Dec. 22-Jan. 19)** -- Motives and methods can be understood on an intellectual level today, but you may not yet get to the heart of what's really going on.  
**AQUARIUS (Jan. 20-Feb. 18)** -- You must be willing to dive deep beneath the surface today in order to recover something of yourself that has been lost for quite a while.  
**PISCES (Feb. 19-March 20)** -- Travel east or west today; it makes no difference, as you're likely to get away with much today, as both friends and enemies know what makes you tick. You make a new wish by day's end.

**HOROSCOPES** by Stella Wilder

WEDNESDAY, APRIL 22, 2020  
**YOUR BIRTHDAY** by Stella Wilder  
 Born today, you have been endowed with tremendous drive, copious talent and the will to succeed, even in the face of considerable hardship. In this way, indeed, you are the "classic" Taurus native, but you also combine with your bullish determination a sensitivity that might confuse those who do not know you well. Yes, you can come off as strong-willed, uncompromising and quite forceful, but there is another side of you that is quite different -- and only those whom you choose to be a part of your most intimate inner circle are truly acquainted with this side of you.  
 THURSDAY, APRIL 23  
**TAURUS (April 20-May 20)** -- Look one way today and you'll see much that you had hoped to see, but look another and you'll be shown something of yourself you rather fear.  
**GEMINI (May 21-June 20)** -- You've risen quickly, and today you're sure to enjoy the view from on high. The choice is yours: Do you want to abandon this perch?

**CANCER (June 21-July 22)** -- One mystery is solved today just as another is brought to your attention. You know much, and can keep speculation from getting out of control.  
**LEO (July 23-Aug. 22)** -- Recounting an experience with a friend has you wondering if it isn't time to try it once more. What would you gain by doing it over again?  
**VIRGO (Aug. 23-Sept. 22)** -- You must make yourself available to those who are looking for the right person for the job that has to be done. You may be the one!  
**LIBRA (Sept. 23-Oct. 22)** -- You may have forgotten something you deemed "unforgettable" not too long ago -- but a friend reminds you of it in no uncertain terms.  
**SCORPIO (Oct. 23-Nov. 21)** -- You may suspect that you're heading down the wrong road, but now is not the time to share that feeling with anyone. Explore options.  
**SAGITTARIUS (Nov. 22-Dec. 21)** -- A major discovery has you considering an option that was impossible for you only a few days ago. Several doors are opened to you

today.  
**CAPRICORN (Dec. 22-Jan. 19)** -- Your beliefs may suddenly clash today with those of one who was an important figure in your professional life a short while back.  
**AQUARIUS (Jan. 20-Feb. 18)** -- Things are likely to speed up today -- but not
