YOUR BIRTHDAY by Stella Wilder

Born today, you never like to be far from what is going on, and the closer you can be to the epicenter of matters of gravity and import, the better. You are determined to be useful, to have an impact and to do things that are memorable and lasting -- and you no doubt will have had that trait since you were very young. While you may not always follow the straightest or most efficient path from where you are to where you want to be, the likelihood of you reaching your destination is great -- and along the way you are sure to gain great experience and knowledge about yourself and the world around you.

SATURDAY, MAY 9

TAURUS (April 20-May 20) -- Things may move more quickly today than you had any reason to expect, but you can surely respond appropriately. A friend seeks help.

GEMINI (May 21-June 20) -- What you want and what you need are not necessarily

compatible at this time, so you must prioritize and schedule endeavors with care.

CANCER (June 21-July 22) -- A quick meeting gives you all the info you need to make an important decision about pending work -- but you mustn't believe everything you hear!

LEO (July 23-Aug. 22) -- Your mind is on getting what you think you deserve, and not on what you have actually earned. You must come to terms with that disparity.

VIRGO (Aug. 23-Sept. 22) -- There's no need to beat around the bush today; you must speak openly and honestly about what you are doing and what you have planned.

LIBRA (Sept. 23-Oct. 22) -- You can have a good time with someone whose overall aesthetic is different from your own. You can both learn a great deal from each other.

SCORPIO (Oct. 23-Nov. 21) -- You've grown tired of someone hanging on, and today you're going to have to do something about it. Consider his or her feelings!

SAGITTARIUS (Nov. 22-Dec. 21) -- You may not have a great deal of time to get the things done today that must be done -- but you're very good at working under pressure.

CAPRICORN (Dec. 22-Jan. 19) -- You may feel that you're entering a period of suppressed desires and waning enthusiasm. You can change course with a friend's help.

AQUARIUS (Jan. 20-Feb. 18) -- It's a good day to begin again -- and to let someone know what it is you want in return for the effort you will put into a new project.

PISCES (Feb. 19-March 20) -- Someone has been singing your praises of late, and today you're likely to receive an exciting offer -- but are you in a position to accept?

ARIES (March 21-April 19) -- What you are asked to do today is likely to showcase one or two of your unique talents. This may give you a professional boost very soon.
