HOROSCOPES

YOUR BIRTHDAY by Stella Wilder
Born today, you seem to live your life on two different but parallel planes -- one that deals in the here and now, and one that deals in things fanciful and imaginative. Where you have the advantage over so many other people, however, is in your ability to merge the two at times -- making the impossible possible and making your dreams come true while keeping your two feet firmly on the ground. You have a great many talents that you can apply to either part of your life, and it's not likely that you will follow only one path to success and contentment.

MONDAY, JANUARY 4
CAPRICORN (Dec. 22-Jan. 19) -- A mis-interpretation of the facts you are facing today will put you in a vulnerable position. You don't want to remain stationary for long!
AQUARIUS (Jan. 20-Feb. 18) -- Communication becomes much more important today as the messages you send --

MONDAY, JANUARY 4, 2021
YOUR BIRTHDAY by Stella Wilder
Born today, you have been endowed with tremendous natural curiosity, and you will be compelled to travel, explore, watch and listen, and take in all that you can about the world around you -- not only to figure out how it all works and why, but also to wonder at the majesty and diversity of life on Earth. There is a spiritual side to your eagerness for knowledge; you understand that the more you come to understand about life, the more mysteries you will uncover -- and so, in a sense, you will never truly understand everything!

TUESDAY, JANUARY 5
CAPRICORN (Dec. 22-Jan. 19) -- Though you are ready to move forward exactly as you planned, someone might throw a wrench in the works, requiring a change.
AQUARIUS (Jan. 20-Feb. 18) -- You are ready to begin another project even before your current one has come to an end. You know what it's like to be busy, and you enjoy

and receive -- are likely to contain highly sensitive details.
PISCES (Feb. 19-March 20) -- You'll be pleased by what is laid out before you today -- but take care you don't head off on a journey too soon. Prepare yourself -- and be safe!
ARIES (March 21-April 19) -- A trip that you expect to be a pleasure outing becomes much more complicated -- and even more so if you take a certain friend along with you.
TAURUS (April 20-May 20) -- News received from afar today may seem to be meant for anyone but you, but the fact is that you are implicated in several important ways.
GEMINI (May 21-June 20) -- You'll get far today simply by making those around you feel good about themselves and their endeavors. You should make a habit of this!
CANCER (June 21-July 22) -- You may expect to feel less enthusiastic about things than usual today -- but no one around you is going to let your spirits fall right now.
LEO (July 23-Aug. 22) -- You're trying to

it!
PISCES (Feb. 19-March 20) -- You must figure out how to be in compliance with a new rule that has only just now taken effect. You may have to register a complaint.
ARIES (March 21-April 19) -- Someone is trying to convince you of a falsehood that others have been swallowing -- hook, line and sinker. You're not that easy!
TAURUS (April 20-May 20) -- You must take certain precautions today if you're not going to be delayed by something you cannot control. Evening brings a reprieve.
GEMINI (May 21-June 20) -- You're ready to take a position on the front lines today -- but take care that you aren't misinterpreting recent intelligence.
CANCER (June 21-July 22) -- You may have to get by on a shoestring today -- but you know how to get the most out of very little. A friend is ready to step in if necessary.
LEO (July 23-Aug. 22) -- You've been following the rules, and yet certain develop-

ments may not have you feeling ready for what lies ahead. This is pure illusion!
VIRGO (Aug. 23-Sept. 22) -- Your abilities will be on full display at various points during the day -- though you aren't really trying to attract attention just yet.
LIBRA (Sept. 23-Oct. 22) -- You're ready to plot out the next few days, but right now you must tend to someone's immediate needs. It'll be your turn next.
SCORPIO (Oct. 23-Nov. 21) -- You'll have time to explore the nitty-gritty today -- but take care that you don't get lost in details that don't really matter to you.
SAGITTARIUS (Nov. 22-Dec. 21) -- You'll be able to demonstrate to your critics that what you are doing is justified. Once you do, the road ahead should be clear.
