tonight's best

Sir David Attenborough

8 p.m. on ABC, CBS; 11 p.m. on FOX
VAX LIVE: The Concert to Reunite the World

Selena Gomez hosts this new special (also airing on CBS and Fox) that aims to boost vaccine confidence and help get the vaccines proven effective against COVID-19 to some of the poorest nations around the world. Performers in the concert, which was pre-taped at So-Fi Stadium, include Jennifer Lopez, Eddie Vedder, Foo Fighters, J Balvin and H.E.R. The special also will include a salute to the 27 million heroic health workers currently involved in the worldwide battle against the coronavirus pandemic.

8 p.m. on HBO
Movie: Greenland

Structural engineer John Garrity (Gerard Butler) and his family in Atlanta find themselves fighting for survival as a massive comet streaks toward Earth in director Ric Roman Waugh's 2020 disaster film, on which Butler also serves as a producer. Morena Baccarin, David Denman, Hope Davis, Roger Dale Floyd and Scott Glenn also star in the film, which earned generally favorable reviews, although the COVID-19 pandemic curtailed its international run in theaters.

8 p.m. on BBCA
Attenborough's Journey

This new British documentary offers a respectful but entertaining portrait of environmentalist and filmmaker Sir David Attenborough on his 95th birthday. The film chronicles Attenborough's life from his boyhood of fossil-hunting and his early years as a radio and TV host to his many documentaries that pioneered the use of new technologies, thus changing the face of natural history programming.

9 p.m. on OWN
Iyanla, Fix My Life

A new episode called "99 Problems and the Corona Is One" spotlights a family that is approaching the end of its collective rope after spending months together in quarantine due to the global coronavirus pandemic. Now, they're feeling disconnected and frustrated, but life coach Iyanla Vanzant helps them understand that their profound issues with communication and codependency started long before a deadly virus came along.
